THE DEBATE REFOCUSED! THE DANGER OF ACCEPTING THE
OBAMA/HILLARY GAMBIT!

Original Air Date: 06.28.24

Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in Santa Maria, CA, and your brain masseur. Get ready for your brain massage.

Debates are usually difficult to rate, but Thursday night's debate was not one of them. 100%—Trump Won! Let's talk about the good, the bad, and the ugly of the first presidential debate for election 2024. Does it bode ill or well for the U.S.? Everyone is talking about replacing Biden. Trump Tweeted the breaking news announcement of who has been chosen to replace Biden: Donald J. Trump!

What's going on with "originalist"¹ Barrett?

The First Amendment is being attacked by the usurper Biden government. The U.S. government has been caught collaborating with private institutions to censor free speech.² Barrett thinks that's okay! Happily, she was unable to convince Kavanaugh, or even Roberts—that was a surprise! Of course, Thomas, Alito, and Gorsuch would be on the side of the Constitution. Think of it! Amy with Katanji and Sotomayor. So we got a win from the SCOTUS on the same day Trump trumped Biden on the Stump—bureaucrats can no longer legislate from their cubicles. The Legislature is the ONLY body politic with the power to make laws. [Hallelujah!]

Amy’s excuse for supporting the right of government to pressure social media to censure free speech was that the States had “no standing” to bring their suit against government officials who participated in this outrageous abuse of our liberties. She said her rule, or standard, for standing was there had to be a reason to expect a repeat of the abuse on the part of government actors infringing upon our free speech rights that occurred during p[l]andemic-1. Well, here comes p[l]andemic-2. Russian Military Defense Says the US Has Relocated Ukrainian Bio-Labs to Africa and Are Planning to Release Avian Flu to Start Another P[l]andemic, and Blame It OnePutin.”

Woah! Is this for real? Of course, I’m not surprised, but still, is this for real? Okay, okay. Sorry. I’m just stunned by this news: “FBI Whistleblower testifies under oath that FBI won’t allow 11,000+ hours of J6 footage to be released because it would expose undercover agents committing crimes inside Capitol.”³ Yep! Here is an article that substantiates this.⁴

Okay, Oklahoma! Let’s get the Bible and the Ten Commandments back into our schools. Oklahoma’s State Superintendent says, “The Bible and the Ten Commandments are Foundational for Western Civilization and will be IN EVERY SINGLE CLASSROOM IN THE STATE.”⁵ (By the way, I’m preaching a 4th of July special series for JULY—every Sunday AM The Bible and the Bill of Rights! 10:45 AM and 5 PM—at the LIGHTHOUSE!)

Well, my friends! It’s time—for your BRAIN MASSAGE®.

Debates are usually difficult to rate, but Thursday night's debate was not one of them. 100%—Trump won!

I mean, the only people who think Joe did well are Joe and Jill and maybe a handful of die-hard delusional Dems—and after Thursday night's delightful debacle, there aren't many of those left. Listen, the LEFT is devastated—their support for Biden is collapsing. Here, listen [INSERT SCREAMS-30s].⁶ Okay, that was the first time Trump beat Hillary! Looks like it's shaping up to be a “rematch.”

Did you see that moment when Biden joined his supporters after the debacle (er—debate)? Jill acted like a liberal Soccer mom comforting her little boy after a failed performance: “Joe, you did such a great job. You answered every question; you knew all the facts.” Unreal! That's all she could say about Joey's performance.

Then she turned to her audience and said, “And what did Trump do?” Even though this was obviously rehearsed, the crowd forced what was, to me, a less-than-convincing response, adding their voices to her distorted, angry, and vicious face, screaming, “LIE.” See it here.⁷

Joey looked like the juice finally kicked in! No kidding, he had more composure and confidence than he showed on the debate stage. He took the mic and went directly to one of his old stories about a line he claims his brother used to quote from one of John Wayne's movies.⁸

Biden describes the scene in amazing detail, details that change almost every time he tells the story. This time, it went like this: A Comanche Chief, sitting next to Wayne on a Bluff, points to the US

⁸ 992.11.4-<https://www.msn.com/en-za/news/other/biden-calls-trump-a-lying-dog-faced-pony-soldier-after-debate-reviving-slur-he-used-against-voter/ar-BB1p3SyK>

soldiers saddled below and calls them “lying, dog-faced pony soldiers.” [IBID. and ⁹]. He has used this story often.

Turns out that Biden’s favorite way of calling someone a liar is itself a Biden lie! There is no John Wayne movie where this scene occurs. None! In fact, no one has been able to find any movie where this expression is used. The closest anyone has been able to come is a Tyrone Powers film titled *Pony Soldier*, in which one of the Indian characters says: “The pony soldier speaks with a tongue of the snake that rattles.”¹⁰

The TRUTH about this “pony soldier” line has been out there for years—YEARS! And yet Biden cannot stop using the same yarn—and he is still doing it.

This is perfectly consistent with what we know is a fixed Biden character trait—He cannot tell the truth about anything! Even after he has been told the truth about something so simple as, hey, dude, that line was never used in any of the 180 John Wayne movies that anyone has been able to find. Stop it with the “pony soldier” bit! It makes you look foolish and, well, like a liar!

The “lie” is Biden’s default position! That’s because Joe is a LIAR, and he is in league with the father of it.

It’s ironic, but perfectly consistent with the character of the entire left today, that the only reaction we get from the Bidenistas is to SCREAM Trump LIED! And then for Biden to use a LIE to call him a liar. That’s it! And as per usual, they don’t point to any particular lie; they just scream: LIAR!

Look, I think it's great that the CNN audience got full exposure to what Biden is. The only people in America who might not have already known Biden is the Liar-n-Chief are CNN devotees. Everyone else already knew this.

During the debate, Joe lied repeatedly. And I'll be specific!

Before the debate, Snopes, not known for having any love for Trump, debunked Biden's claim that at Charlottesville, VA, Trump called neo-Nazis and white supremacists "very fine people."¹¹ Here is the complete video of the speech—Trump clearly denounced neo-Nazis and white supremacists as bad people.

Here, listen for yourself:

First, the "very fine people" statement in context: [INSERT 29s]

Next, listen to him explicitly condemn neo-Nazis and White Supremacists:]INSERT 120s]

What should outrage you is that every single one of those wicked liars knew this. All the reporters present there, CNN, ABC, NBC, every single one of them KNEW THIS WAS A LIE — they showed their hand long ago, long before this. But here, GOD dropped their cloak of self-righteous "journalistic" integrity and exposed them for the LIARS they are, and now the entire CNN audience got to see it first hand.

First, one of their favorite "fact checkers" comes out with an admission — Trump never said neo-Nazis or white supremacists were "very fine people." I cited the reference in these notes. Here is it again in case you don't want to go back looking for it.¹² A welcome admission. Two questions. First, what took you so long? It's only 7 years ago—you know this for seven years and now you

¹¹ 992.11.7-No, Trump Did Not Call Neo-Nazis and White Supremacists 'Very Fine People' | Snopes <https://www.snopes.com/fact-check/trump-very-fine-people/>

¹² 992.11.7-No, Trump Did Not Call Neo-Nazis and White Supremacists 'Very Fine People' | Snopes <https://www.snopes.com/fact-check/trump-very-fine-people/.pdf>

admit it was a lie? Second, why now? Why, exactly one week before the debate, do you come out with this? A warning to Joe not to go there? That could be handled within his inner circle, right? A setup to expose Biden to the CNN audience, knowing that idiot Joe could not help himself and would go there? But I'm getting ahead of myself.

Literally. See the entire speech here.¹³ I mean, he repeatedly clarified that the “very fine people” on both sides was a reference to the peaceful protestors gathered on both sides of the issue—by the way, it was about removing the statue honoring the memory of Robert E. Lee back in 2017. The entire propaganda organ of the LEFT, aka, the Main Stream Media, piled on with this lie that Trump called white supremacists “very fine people.” All the “talking heads” on the left jumped on the “band-wagon” with this LIE.

However, the people who were there knew better, and the video of the event documented the truth. That video was available to anyone who would bother to check it out, and the truth finally trumped their lies!

It has been manifestly PROVEN that the msm, and the entire Democrat Party “conspired” to hang this LIE on Trump because they conspired together to paint Trump as a neo-Nazi, and a white supremacist. They extracted the line, “You had very fine people on both sides,” totally out of context, and BIDEN KNOWS THIS. Biden's team knows this. The entire Democrat Party knows this, and the leadership knew it from the beginning.

Why am I laboring on this point? Look, nothing came out in that debate we did not already know about both candidates—but one thing was put on display to the entire CNN audience that those people did not know—BIDEN IS THE LIAR, NOT TRUMP!

¹³ 992.27.1-VIDEO-President Donald Trump On Charlottesville/ You Had Very Fine People, On Both Sides | CNBC - YouTube <https://www.youtube.com/watch?v=JmaZR8E12bs>

For years, the LEFT has left this hanging out there. No one I know on the left came out with a clear admission that the statement was a LIE. Until just before the debate. What, suddenly, Snopes gets a conscience? And another thing, why even bring it up? In what context did Snopes bring this up? I searched the article, and the only thing I found was a statement that the issue “remains controversial.”

What did come out in this debate, besides the fact that Biden is manifestly unfit to lead a class of second graders on a field trip—no parent would leave their child this demented man, who, not only might lose their children but also fearing abuse by this hair-sniffing, daughter-showering pervert, the entire CNN audience was exposed to Biden as the psychopathic liar we have all known him to be from the very beginning of his political career—the man is a pathological, a compulsive liar — here is a short list: About the claim that Trump called fallen American soldiers “losers and suckers” Biden says, “Who are you going to believe—a four-star general or Trump?” Well, that’s easy! Trump! Besides, wasn’t Biden accused of sexual assault by a staffer, who had no history of lying, or any reason or motivation to lie—no “Stormy Daniel’s” demand for hush money—her name is Tara Reade—she was vilified and Biden, a documented serial liar, was protected: so, who are you going to believe?

I found this in a Tweet and can’t find the source: Biden’s lies include how, why, and where his son Beau contracted brain cancer; his role in desegregating movie theaters and restaurants—the liar fought to keep segregation; his often spouted participation in civil rights sit-ins—never happened; his college and law school class standing—remember that? Documented LIES! His claim that he visited Nelson Mandela during apartheid—another LIE. His ridiculous claim that he was “raised [in] the black church,” that he played football for the University of Delaware, that the driver, who

accidentally struck and killed his first wife and daughter, was drunk. All lies! What I already brought out about his repeated lie about what Trump said about Charlottesville, add to that his lie about Trump saying we should drink or inject bleach to fight COVID. And after Biden bragged about pressuring Ukraine's president to fire the Attorney General investigating Burisma while his son, Hunter, served on the board, and then Biden has the audacity to deny he pressured Ukraine to fire the prosecutor investigating Burisma, and the ridiculous LIE, that we all know now, documented by written correspondence and recorded conversations, that Biden didn't know about and never discussed Hunter's business dealings with his Dad: LIES! A small kitchen fire "almost killed" his wife—LIE! His claim that he has ridden a "million miles" on Amtrak—LIE! His story that he was "shot at" in Iraq—LIE! And his recent fixation on the LIE that inflation was "9%" when he became president! LIES!

Look, even when you make allowances for differences in perspectives, the man has an aversion to facts. The reason is simple. The FACTS don't support his LIE!

And it's becoming increasingly clear that not only does he avoid facts when telling stories about others and himself, he is living in a delusional world totally disconnected from reality.

The bag Biden brigade is in full operation right now! Very high-level Dems are calling for him to be ousted and replaced. Kamala has begun making some moves. This has been churning below the surface for some time, and it's been boiling up from time to time, but now it's in full tidal wave motion.

Bongino thinks there is a 51% chance they dump Biden. Man, it looks more like a 90% chance to me. But Bongi's right? It would be very complicated unless Biden willingly steps aside. And this would have to happen at the Convention—not before. If he does it before the Convention, Kamala steps in.

Believe it or not, even with Biden's abysmal performance in the first debate, Kamala continues to poll below Biden. (What do you bet they come out with a poll that puts Biden below 30%, low 20s!¹⁴ Watch! They'll show Jill the polls and try to convince her to pull Joey out of the race.

But, here's the problem for Jill! The Presidency is the only protection she has to avoid prosecution for the Biden CRIME Family. They were all in on the influence-selling scheme. They will have to guarantee protection to her. Man, JUSTICE is moving in on this whole crowd, and when JUDGMENT begins to STIR in service to RIGHTEOUS INDIGNATION — it can be fearsome!

So here is the concern many of us have been talking about. Jesse Waters expressed it well when the Five offered their analysis of the debate: "Biden did great! Held his own! Stay with him! Please!" Something like that!

What will DEMS do? Bring in Hillary or Michelle. Don't underestimate the political power of the Clintons—remember, Hillary once openly warned she could take down the entire liberal apparatus of DC. What about Michael-Michelle Obama? What about Newsome—you see what they are trying to do, right?

They want to get rid of Biden because he is senile, old, and incapable of leading, not because they reject his policies—they want it to be about his age! They want a sympathetic way to dismiss him; then play the sympathy card they have worked so hard to establish. Then they spring someone in who is young and vital—looking! It's all about "looks" to these guys. Trump understands that—long ago he was asked about running for President, and he dismissed the idea because it's all about looks and not about

¹⁴ 992.11.8-Joe Biden / Favorability Polls | FiveThirtyEight <https://projects.fivethirtyeight.com/polls/favorability/joe-biden/>

policies or substance.¹⁵ Here is the video of that interview.¹⁶ (2 minutes into the interview. See 00:02:00 to 00:03:00.) He said someone with views that are right, but unpopular “wouldn’t necessarily have a chance of getting elected against somebody with no great brain but a big smile.” [IBID]

Anyway, I need to move toward a wrap on the show today.

The LEFT is imploding! In my humble opinion, Trump did great. As I said in my comments on the Brain Massage® LIVE after the debate, I thought the rules, intended to help Biden, actually helped Trump. The questions were, for the most part, honest and serious. The moderators stayed out of the debate. Trump did a good job of exploiting Biden’s obvious lies by countering with facts, and when Biden put his aphasia on full display, Trump responded in a manner perfectly suited to bring attention to the problem without coming across as mean or cruel! He handled himself throughout with candor and compassion. Biden, on the other hand, lied like the devil he is—he looked weak, and, frankly, he was pathetic.

I think we should be careful not to play into the left's game plan; don't let them make this all about Biden, the pathetic, doddering, but lovable, ice cream-licking old man who has simply served beyond his usefulness. Instead, we should capitalize on something the CNN audience saw that had been hidden from them all along: Biden is a LIAR! And he has always been a LIAR!

If you bite on the Obama/Hillary gambit, presenting pitiable Biden as a sacrificial pawn, Biden as a man merely too old to be President—they’ll bring in a younger man with that “BIG” Carter SMILE! That’s what they did in 1976—an unknown, I mean nationally speaking, an unknown governor of Georgia was recruited to step in at the last minute, practically—no one knew the guy! They could

sell him as anything they thought the people wanted. Weary of the political antics surrounding the effort to compel Tricky-Dick (Nixon) to resign (something Hillary was neck deep in—fired, by the way, for her repeated tendency to use deceit and unethical means to advance her case against Nixon. Now, be forewarned, all the “liberal fact-checkers” will cry foul—but the fact is her boss literally said he fired her for being a liar and unethical.¹⁷ But what really happened was, she was transferred, forced off the case. Hillary can call it what she wants; her boss, Jerry Ziefman, said he fired her for being a liar and unethical.

Oh, and guess what? The motivation for going after Nixon was fear he would expose the “crimes of Camelot.” [IDIB.] Jerry saw it then — he described Hillary’s actions as “Hillary’s Pursuit of Power.” [IBID.] Her boss on the Watergate impeachment inquiry wrote that during the Watergate inquiry, Clinton “engaged in a variety of self-serving, unethical practices in violation of House rules.” [IBID.] When asked about whether he fired her for being a liar and being unethical, he explained: “Well, let’s put it this way: I terminated her, along with some other staff members who were ... no longer needed, and advised her that I would not, could not, recommend her for any further positions.” [IBID.]

So, you know what, as Providence would have it, so be it! But it seems Hillary is the most natural “go to.” We shall see, and it will likely come out during the Convention!

It’s complicated. Because Biden has to forfeit his delegates. He has to willingly step down. There are complications regarding shifting the money over to a new candidate. MERCY, will they go so far as to assassinate Biden and make him a martyr? May GOD forbid! They’ll pin it on some MAGA named Oswald!

¹⁷ 992.31.2-Hillary Clinton’s Former Boss Says He Fired Her From an Investigative Position Because She Was ‘a Liar’ and ‘Unethical’? – Truth or Fiction? <https://www.truthorfiction.com/clinton-watergate/>

The DEMS are saying out loud that going with Biden is a guaranteed LOSS. My fears are confirmed valid — the concern now is that GOD will remove Biden — but have faith! God can beat Hillary, too!

LOOK, I've run through my time. Let's wrap it up!

~END 992~

Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse, your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church belfry arch, signaling the enemy is on the march, an enemy that would steal from us our liberty.

So that's the good and the ugly of the first presidential debate for election 2024. Does it bode ill or well for the US? What's the bad?

What's going on with “originalist”¹⁸ Barrett? [Scared off from her conservative moorings by comparisons of her to the TV Handmaid's Tale? Or did someone sit down with her, showing her pictures of her children playing in their yard while remarking how important it is that she understand the limits of her autonomy as a Supreme Court Justice? As the darksome character with balmy visage gathers up his pictures and slinks out, Justice Roberts comes in to 'splain things? What we know is that she is kicking against Thomas and moving away from her strict originalist position.¹⁹ Something has happened! What?]

The First Amendment is under attack by the usurper Biden government. US Govt. have been caught collaborating with private

¹⁸ 992.5.2-ANALYSIS/ Barrett concedes point on originalism <https://www.nbcnews.com/politics/supreme-court/live-blog/live-updates-amy-coney-barrett-faces-questions-supreme-court-confirmation-n1243016#ncrd1243178>

¹⁹ 992.5.3-Amy Coney Barrett may be poised to split conservatives on the Supreme Court - POLITICO <https://www.politico.com/news/2024/06/19/amy-coney-barrett-supreme-court-conservatives-rift-00164047>

institutions to censor free speech.²⁰ [Amy thinks States that are concerned about this and doing something about it don't have "standing." The States in the suit complain that government officials crossed the line, putting pressure on Social Media companies and Internet companies, like AT&T, to censor free speech during the pandemic. They brought a lawsuit against the government officials who were involved in this behavior. Amy's court says the States don't have standing unless they can prove it will happen again. UNREAL! I expressed concerns about Amy because she had only a very short time in the role of judge and had spent almost all her time as a CLERK. Now, here is the problem with that. Clerks think like bureaucrats—they are easily buried in minutia and cannot see past it. Now, this is an important thing to discuss. On one hand, I am totally against reading the Constitution loosely or reading into or outside the limits of the language of the Constitution. We want jurists to resolve questions about the language by examining the original intent of the writers of that language. That's the idea of original intent—we want jurists to apply the CONSTITUTION as WRITTEN, and not distort the language to support their private interpretations—such as happens very regularly in theology. The justification for interpreting the Constitution as if it is a living, growing, evolving document is that not doing so makes the document increasingly irrelevant to today's special challenges—for example, the Second Amendment is considered archaic on the ground that the framers did not have bump stock rifles, or machine guns, or bazookas, or shoulder missile launchers. With regard to free speech, the framers did not have Internet, or Social Media platforms, and as a consequence, Stamos argues, we need to find a way to protect free speech and violate it at the same time—and the way he suggests we do this is the tried and proven best method for abridging our rights—use "government regulation." Not personal

²⁰ 992.31.1-OAN Freedom of speech scores a win <https://t.co/FaCIGUO0gp>" / X <https://x.com/OANN/status/1806105101184209104>

regulation, the government imposed “regulation.” I say the best way to protect FREE SPEECH and provide protection against ABUSE OF FREE SPEECH is to EXPAND FREE SPEECH. *EXPAND ON THIS*. The same thing is true regarding the Second Amendment. I DON'TY MEAN ALLOW EVERYONE TO OWN FIGHTER JETS —ALTHOUGH, I DON'T SEE A PROBLEM WITH THAT — I MEAN LET'S RETURN TO TEACHING EVERY CHILD IN OUR SCHOOLS HOW TO USE AND CARE FOR FIRE-ARMS, TEACH THE TRUTH ABOUT THE SECOND AMENDMENT, IT WAS INTENDED TO ALLOW THE PEOPLE TO PROTECT THEMSELVES AGAINST DESPOTISM. Therefore, the private citizen must have access to sufficient arms for that purpose. EXPAND our RIGHTS, don't CONTRACT them. EXPANSION not CONTRACTION.]

[Because the people have so many independent sources for news, Stamos, former head of the Stanford Internet Observatory,—think about that—there is an “observatory” in Stanford that's keeping an eye on the Internet universe?—Really?—you okay with that? His name is Alex Stamos,²¹ a cybersecurity expert who is “working to improve security and “safety” of the internet.” [IBID] He was the “Chief Security Officer” at Facebook, tasked to understand and mitigate information security risks. [IBID.] So what will happen if this gets appealed and it lands in Amy's court? You bet! It's going to be about “standing.” Here is her rule: you don't have standing only because your rights have been violated by government intrusion and interference. No, that's not good enough. You don't have standing unless you show “a substantial risk that, in the NEAR future, at least one platform will restrict the speech of at least one plaintiff in response to the actions of at least one Government

Here is an article that substantiates this.²⁵ [One of the statutes the DOJ used to prosecute literally hundreds J6 protestors is invalid—this would include President Trump’s case, by the way! Jack Smith used this same statute to frame two charges against Trump in the ongoing DC case. It’s a statute passed in the ENRON days to provide action against what occurred when ENRON failed due diligence to protect the environment — ??? — it’s an “obstruction” statute that has no bearing upon what took place on J6 — Barrett DISAGREES with the majority court on this one. She thinks the statute did encompass the J6 actions—is she an idiot? She joins Sotomayor and Kagen. Bottom line, this ruling is good news for JUSTICE for J6.]

Okay, OK! [Check this out: (I need to vet the following: Kirillov alleges that Biden-owned Metabiota and other intermediary NGOs are running cover for the U.S. State Department and DoD, posing as humanitarian organizations to conceal their true objective of pathogen production for Big Pharma.

Kirillov also pointed out that Biden-owned Metabiota, has been forced to stop operating in many African countries due to awareness of their nefarious biological weapon activities and agenda.

Does anyone remember my post from just few a days ago about how Russia stepped into Ukraine and their first target was what they alleged as U.S. -funded Biological weapons labs?
