Harris/Walz support baby murder to the ninth month.<sup>5</sup> — the thief comes to kill.

Harris and Walz both presided over wanton destruction by BLM/Antifa during the George Floyd riots—Walz fiddling while Minneapolis burned and Harris funding bail release for those few vandals in Minnesota who were arrested.<sup>6</sup> Vance observed they work well together, like a tag team.

The thief comes to destroy!

Jesus said the thief comes only to steal, kill, and destroy: but He has come to give us all abundant life! Choose wisely!

Anyone suppose Harris/Walz will back off the weaponization of government against Americans? Since Harris took nomination from Biden:

FBI raided private citizen whistleblower Scott Ritters' home.

FBI raided mega-conservative TN Congressman Andy Ogles' home.

By the way, there is a very interesting take on Kamala's esoteric hand-waving, some say “spell casting,” that you should check out.<sup>7</sup>

Her many employees who bolted from her oppressive, raging bully-like behavior sometimes call her a witch — but some are suggesting she might, in fact, be one! Vedy Interestingk!

[TRUTH]

O Israel! Why has Israel decided to “go it alone”?<sup>8</sup> America has not been so blatantly anti-Israel since Obama was in office. America is weak and despised by the world, and equivocating in her support for Israel. Israel has finally said, fine, we will defend ourselves and go it alone if necessary.

America is under leadership that is pathetic and weak—that’s Biden/Harris. Neither the American President nor Vice President, acknowledged Netanyahu’s visit lately, no greeting, no photo ops shaking his hand, no declarations or affirmations of solidarity with Israel — NOTHING! A total snub! Reminds us of the Obama years when Bibi was left waiting for something like an hour for Obama to show his face. In fact, here is a long list of Democrat Congress members who were no-shows protesting Netanyahu’s visit to the Capitol in July.<sup>9</sup> America is dissing her best ally in the Middle East and, at the same time, sending every conceivable message to Iran that “America” supports the murderous regime oppressing the good people of Iran.

Harris is obviously sympathetic with the pro-Palestinian anti-Israel protests going on, or that were going on — now that the Demoncrat convention is near, they’ve quieted down. Also, Harris gave them what they demanded—she passed over a Jew to pick a wishy-washy “I’m for Israel but” running mate.<sup>10</sup> Also, Harris lately promised

Pro-Palestinian protestors she will consider “an arms embargo on Israel” if she is elected.<sup>11</sup>

Have you read “The Prophecy”? “Thus saith the Lord GOD; Because the Philistines have dealt by revenge, and have taken vengeance with a despiteful heart, to destroy it for the old hatred; therefore thus saith the Lord GOD; Behold, I will stretch out mine hand upon the Philistines (rooted in the word we use today: Palestinians), and I will cut off the Cherethims (means *executioner*, specifically those in a covenant to “cut off” combined with a word that means “butcher”) and destroy the remnant of the sea coast” (Ezekiel 25:15-16).

Friend, among the ever-shrinking number of reasons GOD has not cast America into hell with all the other nations that have forgotten Him, is our resolute support for Israel. We had better turn this around, and quick! Believe me, we do not want to be on the wrong side of this!

So, who is surprised that the ticket Soros bought<sup>12</sup> vows to cut off arms support for Israel? I mean, Walz’ Minnesota has turned their schools over to the CCP influence,<sup>13</sup> and Minnesota farmers are raising alarms at China’s move to buy their farmland.<sup>14</sup> China presently owns no farmland in Minnesota that I can find, but farmers are getting calls with “offers.” Will the governor who has visited China 30 times, taught High School there for a year, and had his honeymoon in China, resist increasing CCP influence in the

My experience watching Beijing tells me if they keep letting him come to China and flit about like he owns the place, there is something moving behind the scenes — and I would be suspicious the guy is an agent for Xi, but not for free! Hehe.

We know how malleable Walz's convictions are. When Minnesotans appeared to be moving left, he went right along with them without a moment's hesitation.<sup>16</sup> He apologized for his former A rating with the NRA, and the NRA called him a chameleon candidate.<sup>17</sup>

O America! The THIEF cometh not, but for to steal, and to kill, and to destroy — Jesus.<sup>18</sup>

Stolen election and stolen valor, murdering babies in the womb, destroying once beautiful cities by condoning and supporting violence and mayhem during the Floyd riots — and how is it that the Biden/Harris administration is not seen as catastrophic, but we are told that Trump's will be?

Do you guys forget that we were here during Trump's presidency? We know what food, gas, and housing cost us then, and we are keenly aware of it now. We remember when PEACE WAS BREAKING OUT ALL OVER THE MIDDLE EAST, and we can see what has become of that peace in the hands of Biden/Harris. Uh, your Dark-Jedi, or Sith tricks don't work here! Stolen election!<sup>19</sup>

Did it happen? Well, let's just zero in on Georgia, shall we?

Joe Rossi, whom the Deep State has attacked with a viciousness that totally confirms his legitimacy, stands before a Georgia presser and says, “Georgia owes President Trump an apology.”<sup>20</sup> He reports that it has now been confirmed that the ballot duplications that were discovered were due to “intentional human intervention,” which raises the issue to the level of Election Fraud! [IBID].

With the evidence of election fraud mounting in Fulton, Co. Georgia, the Georgia State Election Board has decided to reopen the case, and they call on Rafsenperger to appoint an independent

That’s right, the Georgia State Election Board voted 3-2 to “override” the Chairman, RINO John Fervier, who declared, “The Chair’s position, my position is that that case has been adjudicated ... that Fulton county has met its obligation. The secretary of state met their part of the obligation.” But Janelle King, Janice Johnston, and Rick Jeffries stuck to the truth and voted the Chair down!

The Tina Peters case is not over! In a CO courtroom, Peters’ lawyers are showing proof that the Dominion Voting Systems company and the Secretary of State plotted and carried out a scheme to delete records from the Dominion voting machines after the 2020 election, disguising it as a “system update,” that Peters, being concerned about this “possibility” took steps within her duty as Mesa County Clerk & Recorder to protect the voter’s records on those machines. The data she collected provides proof that in fact Dominion did erase legal voting records contrary to law, and the Secretary of State was complicit in the act.<sup>22</sup>

outside of the envelope.<sup>23</sup> Any idea why any State would want to know the Party affiliation of a mail-in-voter ballot?

How about stolen Valor?<sup>24</sup> Walz said, “I deployed in support of Operation Enduring Freedom.” But many who knew him then cried foul. And there are no military records to confirm he deployed; the fact is when he learned his unit was to deploy to Iraq, he resigned. They are trying to tell us he did not say he deployed to Iraq. Really? Hear it for yourself: Presented in Fox & Friends First: a video of Walz in an interview in 2007:<sup>25</sup>

[INSERT 25.Walz STOLEN VALOR (Hear him claim he deployed)]

Maybe this is the reason he wants to impose restrictions on free speech based on his idea of what is misinformation:

[INSERT 10.Walz THERE IS NO FREE SPEECH]

Will Harris/Walz send the FBI stormtroopers after me now, simply because I shared with you what Walz said from his own mouth? Harris has given the nod for the FBI to raid the home of TN Representative Andy Ogles’ who, it happens, had filed impeachment articles against Kamala Harris for “dereliction of duty on the border.”<sup>26</sup>

Not much hope the weaponization of the FBI will ever be addressed if that wicked duo gets into office.

Does anyone think a Harris/Walz administration will protect our Sovereignty against the World Health Organization forcing every “global citizen” to walk around with their “Global Digital Health Certification Network vaccination card?”<sup>31</sup> Are you kidding me?

It’s happening! While the World Health Organization is looking for a new pandemic to push, really, they are discussing an mPox pandemic or even a polio outbreak stirred the spectre of a pandemic among a few.<sup>32</sup> Here is a list of nine possibilities the W.H.O. is watching.<sup>33</sup> One of them is identified as Disease X. It’s only a matter of time.

We need to understand the Third Amendment rightly — SCOTUS has in the past seen in this amendment a restriction against government intruding upon our rights in the event of an emergency declaration. The government cannot simply declare an emergency, and, like some magic wand — poof — our rights are gone.

Okay, I need to wrap it up. I'm curious, but truly, there is a very interesting take on Kamala's esoteric hand-waving, some say, "spell casting," she does all the time. You should check this out.<sup>36</sup>

The guy is not alone in his observations, and his qualifications are sound at least in this subject. He suggests Kamala's see what can be unburdened by what has been, with accompanying hand gestures, are esoteric witchcraft mumbo-jumbo. Well, specifically, he says it hails from Luciferian dogma, and her gestures mimic Baphomet.

Hmmm! But it is interesting that in response to this, a group called PAGAN NEWS & PERSPECTIVES would come to her defense. Just sayin.' It's not a new thing for Kamala; she's been saying this for years. And she almost always uses Baphomeeic gesticulation when uttering her "encantations" — In this case, ending with the right hand up (on what can be), held in place as she points the left hand down (with what has been).

If she didn't say this while waving her hands about and sounding just weird — it might not evoke the suspicion that she is doing a "witchy" thing!

By the way, have you noticed that the "weird" thing has disappeared? It was an obvious mistake — I mean, who has not seen the hundreds of memes that popped up overnight, for example, Buttigieg "nursing" his baby or laying in a hospital bed

next to his — whatever it is — both holding their infants like new mothers having just given birth (pray for those children) — in a side by side with JD Vance and his totally normal family — I mean, they really triggered a barrage of such images which point out clearly who are the “weird” ones in this debate.

So were they really so stupid as to put that out there? No! Well, maybe! But I think they saw that as a threat to them and tried to do what their Lucifer-worshipping leader Marx and his best student, Saul Alinsky, told them to do — accuse your opponent of what you are doing in order to confuse them, stated by Marx. An extension of Alinsky’s third rule, “Whenever possible, go outside the experience of the enemy.”<sup>37</sup> It confuses and puts them off balance.

I’ve got to go. See you Saturday night during the Brain Massage® LIVE livestream. Begins at about 8 PM.

By the way, have any of you ever heard a single Democrat explain exactly why they think Trump’s presidency would be a “catastrophe”? Atlantic: “Trump’s election would be catastrophic,” the Atlantic.<sup>38</sup> They say this all the time and NEVER tell us exactly how or what Trump would do or has ever done that supports this “weird” allegation. In this article, they simply assert it as a fact everyone finds “obvious.” Don’t fall for that trick! We are living the catastrophe of Harris. We remember the halcyon days of Trump. Can you believe it! Even with every hell-hound of Satan snarling non stop, and attacking in every way conceivable: Russian Collusion Hoax, remember?
