Rumors rocking the geo-political alignment of China? Will Xi step down for failing health?¹ Are they going to “Biden” Xi?

Kamala has daddy issues!² No! Really!

Democrats are the most undemocratic organization on planet Earth. Want proof? I’ve got it. Hold on! It’s coming!

Very encouraging news for CA Republicans, no thanks to the CA GOP.³ What does this mean for Trump’s campaign? Will CA go Trump? Maybe Trump will move Mar-a-Lago to CA?⁴

And what are my top takeaways from the Elon/Trump interview? — only 1 billion views so far!⁵

These days, there is way more news than I can synthesize into a 28-minute space. So, I’ve introduced what I call “Touch and Goes.”

Let's do some "touch-and-goes." [FIND SOUND BYTE OF AN F-35]

What triggers a Frog!⁶ Burn their cities, beat their cops, no biggy? Call their flag "satanic," and you're outta here! Meet Mahjoub Mahjoubi, an Imam — that's a Muslim preacher — from Tunisia; he has lived in France for 40 years. In a sermon, he said the French flag "Satanic." That's it! He's outta here! Back to Tunisia for you bub!⁷

Some say the French are called Frogs⁸ because Paris was built on a swamp, and early Parisians developed a taste for frog legs—early French heraldry depicted frogs on coats of arms. One guy claims he knows of an early coat of arms displaying three frogs—but the guy who seems to have done the best job of digging into this tells us the term "frog" was used pejoratively for Dutchmen and Jesuits as early as the 1300s. This likely is connected with the biblical use of the "frog" as a representation of devils—or Satan! "I saw three unclean

⁷ 999.0.3-Bub Definition & Meaning - Merriam-Webster <https://www.merriam-webster.com/dictionary/bub> Original use, 1839, short for bubby, which is an endearing, or demeaning expression used for a little boy. Became used as slang for buddy, and is used in a friendly or disparaging way usually understood by tone and context.

⁸ ON USE of the word FROG for the French: here are two of my favorite explanations: "The French word for frog is 'grenouille.' This was an old slang term that people from other parts of France used to refer to inhabitants of Paris because Paris was built on a drained swamp. I'm not sure if this is the origin of the English slang term 'frog' for a Frenchman. 'Frog' is also an obsolete English slang term for a Dutchman — from bibliophage; "Brewer, in his **Dictionary of Phrase and Fable**, claims that the term originated for Parisians (later extended to the French, in general) because an early heraldic device for Paris contained three frogs or toads (possibly in allusion to their drained swamp?). I cannot find direct corroboration for Brewer, but I have been able to find several references to frogs appearing on late medieval French arms, either those of the king or those of the nation or those of the city of Paris. However, Evan Morris, author of [The Word Detective](#) ¹ does not even consider Brewer's tale worthy of direct acknowledgement. He holds in [No Respect](#) ¹ that "frog" was a general-purpose insult that arose in the 1300s (he notes Dutch and Jesuits—mentioned in earlier posts—being so slandered) and was only settled upon the French during the Napoleonic era (with the frog-legs idea and the Paris coat-of-arms both tacked on as rationalizations). — tomndebb. <https://boards.straightdope.com/t/why-are-the-french-called-frogs/41878/6>

spirits like frogs come out of the mouth of the dragon,” the beast and the false prophet.⁹

Uh oh! I do have quite a few listeners in France — I hope your Gendarmerie Nationale (Jshawn-Dah-Marie Na-shion-al) does not go all Brit on me and apply to Blinken to extradite me to France in order to send me to Tunisia with other people who say things that can be construed as disparaging to fertile France!

You heard about that, right? Fox News: “UK police commissioner threatens to extradite, jail US citizens over online posts: ‘We’ll come after you’”¹⁰ “London’s Metropolitan Police chief warned that officials will not only be cracking down on British citizens for commentary on the riots in the U.K., but on American citizens as well.” [IBID] Really? Here he is — you can almost see the frogs jumping out of his mouth as he says it:

“Time is running out for humans,” said a man who just lost his job to AI.¹¹ Fortune reports: “Over 4,000 workers have lost their jobs to AI since May, outplacement firm estimates—and that’s ‘certainly undercounting’.”¹² AI-generated content is not entirely soulless.

I’ve played around with it a bit, and I find that in almost every case, I can identify something that is AI generated by its lack of soul, that intangible element of personality that does more than animate

⁹ Revelation 16:13 “And I saw **three** unclean spirits like **frogs** come out of the mouth of the dragon, and out of the mouth of the beast, and out of the mouth of the false prophet.”

matter; it also gives life to thought, breath to prose. For example, ChatGPT would say, “Life to thought and breath to prose.” That’s because AI does not breathe. It does not “feel” the intrusive “and” or recognize how dropping “and” increases drama—less is more, sometimes, depending on how you “feel” in the moment. Right there! AI wants “at the moment,” because it does not know at what moment you want to be “in the moment.” AI replicates but cannot duplicate, and it cannot know what you are trying to say. It can guess, but it cannot know!

But in another way, AI is not entirely soulless. The question is, however, what soul? Who is the “mind” behind the algorithms — and why should I trust that “they” won’t do through their algorithm what they do with “shadow-banning” — only with far greater efficiency? The last two paragraphs would never be written by AI, at least not with help from a SOUL somewhere.

Biden betrays Israel and strengthens Iran!¹³ Mossad takes out another terrorist in Iran’s house, and they threaten to open an all-out war on Israel. Biden and Blinken sent a delegation to appease Iran. The question is, what did it cost? Did they give Iran the names of the Mossad agents that are embedded in Iran? Not likely!

I don’t think Netanyahu trusts the Blinken (blinkin’¹⁴ to double the entendre)-Biden team any more than he respects them; not likely that Israel read the Americans into their operation. Most likely, Mahyar Tousi on Tousi TV, host of “We Are the Media” got it right! A Brit “what” watches this stuff — figures it’s more likely Biden-Blinken promised billions to the ruling regime in Iran — those Muslim leaders are ready to send someone else to meet Allah and his 70 goats — a little too inside for most of us — but they don’t want to draw a target on their own Turbans, to invite a Mossad

assassin to visit their house. Iran's leaders will sell out to the American sell-outs! Why do liberal solutions always involve selling out America and strengthening the hands of wicked oppressors?

And, finally, in the no-informed-person-is-surprised,-but-you-need-to-know-so-you-can-tell department: first, Kelly Anne Conway seems to have lost her way! Got tangled up in the RINO undertow and did a cat-slap at Trump's VP pick? Hisss! Hisss! Was it her office that leaked the lie that Trump is having second thoughts about his VP pick?

Country Club GOPers don't like Vance because he is too middle-class Christian for membership in the Republican RINO Aristosnob country club! It's about time we got a red-neck Hillbilly in the White House! I expect him to come to the Rose Garden in a pair of Wranglers - no Levis — real men's jeans — standing in Te'covas Boots, under a Stetson El Presidente — Oh yeah! I like the Silverbelly!

And then, this: Kamala unveils her inflation plan. Soviet Style price controls! That does not address the problem, it simply tells Americans to learn to live with less—CBS says, take a cold shower and skip a meal! Kamala says, I'll set price controls on food! Carter tried that in the 70s, and it only finally depressed the economy. Check out this link.

Ramsay explains why that will not work. Well, we all know how well that worked for the old Soviet Union! It'll do the same for us. Which is according to plan! These traitors create the problem and use the fix to “fix us” — as in, “the fix is in! The sky is falling.”¹⁵

A Kamala presidency will kill America!

I can't insert the entire clip, but check out this link to understand why price controls did not work when Carter tried it and will not

work now? Why do liberals think we are too stupid to understand what we see going on? The very thing the communists say they are going to fix, they actually create — right now, the rich are getting richer, and the poor are getting poorer. Swift and her ilk don't feel the financial pinch that we do. Artificially imposing price controls does not address what's causing the problem—inflation is driven by government tax and spend policies. Hey, COMMIE-LA how about getting government off our backs and quit spending us into oblivion. These jokers boast about a 1% increase in consumer spending — well, yeah! Because everybody has to throw more money for less — the consumer spending is driven up by the rich while the average American worker is paying more for everything! Measure what the people are getting for all the money they are spending — that's the real measurement.

These liberal Communists consistently demonstrate their utter disregard and disrespect for working Americans. Anytime the government comes to the rescue, look out! Reagan used to say the nine scariest words in the English language are “I'm from the government, and I'm here to help.”

Rumors rocking the geo-political alignment of China? Will Xi step down for failing health?¹⁶ Take a look and listen to these videos put out by a Chinese dissident: Lei's Real Talk. She understands the politics of China and has a keen mind for reading the actions of the Communist Party. Not only will it give you insight into what's going down in China politics, but it will also teach you something about how to read the maneuvers of the CCP operatives in our government—the Biden-Kamala regime! China pumped into Biden's pockets? Bank records show that about 20 million went to Biden family and associates through a myriad of shell companies.¹⁷ It's not only in the White House; it's in the Capitol too. Something like 30 Senators have their hands in Xi's pockets. Want proof? Read Trevor Loudon's two volumes: Security Risk Senators. It's all documented.¹⁸

China has its own problems with a fading head of state—remember the cover-up on Biden's health problems?¹⁹ Flying into Nevada, calling in an emergency from Biden's plane—inexplicably, he was not on Air Force 1? The hospital in Las Vegas was alerted, on stand-by, expecting the President to be rolled in. Suddenly, it's all called off. His plane reroutes to carry him home on the East Coast. Nobody wants to talk about it. All hush, hush! Look at him now! Pushed out of the campaign by Pelosi. Yeah. Check out this article:²⁰ “Nancy Pelosi forced Joe Biden to quit 2024 race with an ultimatum in scathing phone call, claims report.”

call that crowd a Congress is an insult to salamanders, ravens, and crows!²²

Anyway, during the recent gathering of the Communist Party leadership in Beijing, rumors started circulating that Xi had a stroke or some other problem that made his mouth droop and his body collapse — the Party went into their maneuvers of controlling information, confiscated all phones and cameras of any present, and the Party went silent, this was followed by some evidence of confusion, strange things going on suggesting preparations for war were afoot, except, it was the sort of preparations you would expect if there was concern about internal unrest breaking out. Speculation among China watchers is that they are going to “Biden” Xi.²³ Some suggest it could happen before our election! Very Interesting! Xi has ruled the Chinese Communist Party like the Dictator he is — remember the purge that went on earlier in China?²⁴ Very likely there will be some upheaval over a regime change—is that what the military preparations are all about? We’ll see!

Kamala has daddy issues!²⁵ So, no one actually cares, but is Kamala black or Asian? Are we changing the meaning of “Black,” now? Her daddy says no! I agree totally with Bongino, cutie time is over; but,

I still got a kick out of this cutsie poem:²⁶ “Roses are red, Kamala’s not black, Joe has dementia, and Hunter’s on Crack.”

But really, her Daddy thinks his daughter is an embarrassment to the family. Kamala, playing the “race card,” insults him. He is an India Indian, Jamaican mix; her mother is India-Indian - in other words she’s not even an Elizabeth Warren Injun, I mean, not Pocahontas — she has zero African Black in her veins — not that I care; like I said, “black is beautiful,” but a lying fake is not! Who wants this sort of person in the White House? I would not trust that lying ignoramus with our Constitution — just sayin!

And while I’m on it! We don’t need a Constitutional Convention, what we need are honest, God-fearing leaders who will honor their oath — no Constitution, no matter how good, is secure in the hands of wicked liars, as we have daily proof! It’s about morality, it’s about character—and a woman who will whore her way into power will whore away our Liberty!

Democrat leaders today are the most undemocratic people on planet Earth. Want proof? Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse, your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church belfry arch, signaling the enemy is on the march, an enemy that would steal from us our liberty.

Very encouraging news for CA Republicans, no thanks to the CA GOP.²⁹ Voters are flocking into the Republican Party—Democrats and Independents, and a whole cadre of Christian conservatives who have sat out for the last few years — are registering to vote, and CA is showing its true color — and that color is RED baby! And it's not Commie RED, it's AMERICAN RED, it's MAGA RED.³⁰

Carl DeMaio has the receipts! Democrat registration has dropped while Republican registrations are surging in CA. You can view his comments here, and read a transcript here.³¹ I'll excerpt one very telling statement:

“Between February, the last report, and the July report, so less than six months, the Republican Party of California gained 94,667 votes, registered [votes] voters. The Democrats lost during the same period 43,733 for a net swing of around 135,000 and change.” He went on to explain: “So despite the fact that we continue to see a massive migration out of the state of California, we are still seeing this shift of about 135,000 net favor to Republican registration, a gain of 95,000 for the Republicans, a loss of about 44,000 for the Democrats.” A total swing of 135,000 votes for MAGA!

What does this mean for Trump's campaign? Will CA go Trump? Maybe Trump will move Mar-a-Lago to CA?³² He might have to, if the Florida Mayor of Palm Beach gets her way—she wants to shut down Mar-a-Lago.³³ I'm not kidding! Don't be fooled by the DeSantis phenomenon. I've spoken to this before. I have had serious misgivings about DeSantis, and I've always been suspicious of his unwillingness to address voter fraud in Florida!

I'll need to conclude today's visit!

What are my top takeaways from the Elon/Trump interview? — only 1 billion views so far!³⁴

First up, they talked about the assassination attempt. Trump is clear: he honors the bravery of the Secret Service that jumped in to protect him after shots were fired — but he wants to know why he was allowed onto the stage when the shooter was identified, roaming about, climbing up on a building that is an obvious assassin's dream spot to shoot the President but was unprotected, and why he was not pulled off the stage before the shooter got a chance to pull the trigger, hitting Trump and killing Corey Comperatore, and wounding others.³⁵

Judicial Watch reports the FBI has denied their FOIA for the FBI's records covering the July 13th failed CIA assassination attempt on Trump! Well, I'm just saying it's all adding up to that when I plug in all the questions the government refuses to answer into my handy-dandy Barbara Streisand calculator that Rush bequeathed to us—if.

you get my meaning!³⁶ The FBI pulled out the old “can’t talk about an ongoing investigation” (Exemption 7(A)) dodge. It works like this: use the never-ending investigation to shield the government from having to answer questions they already know the answers to but pretend they are still trying to get to the bottom of it through their “investigation”! Wink, wink! The fact that 1 billion viewers were exposed to this TRUTH moment is heartening.

They talked about the Border — making the point that Kamala’s talk about closing the border is as FAKE as she is — the Biden Kamala team has had the opportunity to take care of this problem for almost 4 years and they’ve done nothing—she was appointed as the Border Czar—and she did nothing! Well, actually, what they did was open it up and took every possible measure to encourage the invasion! Here is a shocker for you: you can’t believe a documented liar. When they call Trump a liar, just ask them to point out what he lied about. Their accusation collapses like the proverbial house of cards. But we all watched what Commie-La did — she can’t lie her way out of this.

They discussed the weaponization of the government, the total clown show of Biden’s foreign policy, supported by Kamala — remember, it was Kamala who started the war in Ukraine. How? She went over there talking publicly about bringing Ukraine into NATO — knowing full well that it would poke the Bear.

I’ll discuss this further on Saturday night during Brain Massage® LIVE. The whole mess adds up to the real Russian collusion scandal.

Essentially, my takeaway is to praise GOD for raising up Musk to buy Twitter and use it to expose the truth about the Communist coup going on within America today. The TRUTH will make you FREE, and only the TRUTH can keep us FREE.
