WHO WANTS TRUMP DEAD? / THE HATE SPEECH DEBATE

Original Air Date: 09.21.24

Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in Santa Maria, CA, and your brain masseur. Get ready for your brain massage.

WWIII clouds are darkening! Biden green-lighted Ukraine's use of American Missiles to attack inside Russia.

Do you believe Putin wants Trump to win the election? Really?

Iran spied on Trump's campaign and sent the intel to the Biden/Harris campaign.¹ The Biden administration refuses to turn this material over to Trump and his campaign.

CCP efforts to influence the 2024 US election are disturbingly like a diversion. What's really going on, and why has Beijing been so quiet lately?²

Iran, Russia, and China, each with tentacles reaching into the Deep State apparatus in the US — all working with Democrats to defeat Trump. Which side are they rooting for?

Who wants Trump dead?

Garland vetoed charging Ryan Routh, the Golf Course Sniper, with attempted assassination. Wants to go after him for firearms possession charges.

D’Santis decided Florida would conduct its own investigation to bring attempted murder charges against the would-be assassin. He is keeping Routh in Florida custody.

Garland wants D’Santis to release Routh's custody to the Feds. If the feds get him, what are the chances he will be Epsteinized? What do you bet Los Vegas bookies are booking bets on that one.

Hillary wants more done to demonize Trump.

Great gains have been made against the “most extensive and inclusive voter fraud organization in the history of American politics.”

Oh, and while we are talking about Democrat and Deep State lies, soft tissue has been found in Dinosaur bones that were recorded as having been dead for 65 million years.³ Since everybody knows soft tissue decomposes completely within about one month, the discovery of soft tissue in T-Rex bones is pushing hard on a narrative that’s actually nothing more than a house of cards held in place by lying scientists, similarly to how the lie that the 2020 election was the most transparent and fair election in history narrative is kept alive. And, as similarly, beginning to collapse. The latest effort to save evolutionists’ magic ingredient, millions of years, they are redefining everything we ever knew about decomposition. Now, Iron, they say, “preserved the tissue before it could decay.” Of course, it’s all theoretical — but it turns out, according to their theory, that proteins form into a tissue protective like formaldehyde. Who knew? Whew! That was a close one! Like when Hunter’s laptop was outed and almost convinced Biden supporters that he really did receive millions of dollars from the CCP. Oh, wait! That has been proved!

Truth has to do things before it can make us free. First, it has to catch up with all the lies and liars, and then it has to be accepted

and acted on. People who love darkness resent and resist the light so that even when their lie is proven false, they would rather stick with the lie than deal with the alternative.

Okay, my friends! It's time for your brain massage!

[TRUTH]

WWIII clouds are darkening! Biden green-lighted Ukraine's use of American Missiles to attack inside Russia. Putin has already said he will consider this an attack on Russia by NATO.

Biden began picking a fight with Putin immediately after he was elected, sending Harris over there to give a speech about including Ukraine in NATO, something that would violate the treaty that was made when the Soviet Union disbanded.

Triggering WWIII — EXACTLY what “they” said Trump would do — what is the prophetic significance of the Russia-Iran-China alliance — and what's with the eerie quiet in the East — what is China up to?

As for the prophetic implications of all this, see <https://rumble.com/v5fmfa5-brain-massage-live-with-your-brain-masseur.html> and go to about 59 minutes in.

As for the eerie quiet of the CCP—no Taiwan flyovers? Back in 2023, China sent 103 military planes toward the Island, a new high in aggressive activity.⁴ They are busily working behind the scenes, avoiding open public demonstrative actions—cutting deals with Russia⁵ and reinforcing ties with BRICS⁶ (an economic alliance

between Brazil, Russia, India, and China) and reaching out to connect with Iran.⁷ Too much “China” noise right now would not be good for Kamala.

Do you believe Putin wants Trump to win the election? Really? Are you kidding me? People take statements from Trump, like, “I get along with Putin; we understand each other,” as if he is saying they are buddies or pals. Like when Harris tried to make it out that Trump is weak because he invited the Taliban leader Abdul Ghani Baradar.⁸ (In case you have been sniped by “Fact-Checkers”⁹ trying to discredit Trump’s corroborated story about his meeting with this Taliban leader, check my link. See Footnote 8.) You heard that one, right? Trump informed the Taliban leader he intended to withdraw from Afghanistan but it would be a conditioned withdrawal. Then he warned the leader, if you touch a hair on an American’s head, I’m going to kill you. He then drew from his coat pocket a satellite picture of the leader’s home and handed it to him. Without saying another word, Trump watched the leader until he was satisfied the leader got the message, and then he stood up and walked out of the room. So Trump says he gets along with Rocket man (N. Korea’s Kim Jun Ung), and Putin, and he even says similar things about Xi — and they think he is showing favoritism — unreal.

Look, Trump was being sued by RFK to stop him from building a golf course in some reservoir — and while RFK was suing Trump, Mrs. Kennedy wanted to visit Florida, I think it was Palm Beach, but RFK did not want to spend the money necessary to accommodate the trip. His wife asked what if she arranged a free flight — he said, sure. She did! Trump offered to give them use of

one of his jets. RFK, who told this story during a televised interview, used the story to answer a question about what he thought of Trump. This is the sort of man he is. He is not petty — but he can be brutal on people who are liars, cheats, and thieves. People who are unjust—he will call them scum.

Look, it's a diversion tactic! The Mayor of Moscow gave Hunter Biden three million dollars, and we still have no idea what that was for. All I know for sure is that Democrat leadership had been infiltrated with Marxist-leaning influencers going way back into the McCarthy period (1950s), someone who was proved correct about Communist infiltration into Hollywood and liberal politics, by the way. The Communist Party publicly identified the Congressional Progressive Caucus as an ally.¹⁰ Putin declares his endorsement for Harris and does it in a perfect way to throw it into suspicion and keep everybody guessing. Look, we know for a fact that Putin dreams of resurrecting the Soviet Empire, and he controls the elections in Russia in much the same way the Democrats are trying to do so here. The Democrats talk about Trump admiring dictators when they are the Party that welcomes members who praise Mao, covered for Stalin, and actually espouse Marxist policies and mantras.

Yeah! Harris' tax on unrealized gains is a perfect example of this, and her imagining “what can be unburdened with what has been” is an old Marxist saying. Besides the fact that the political tactics used by the Democrat Party are right out of Alinksy's rules for radicals and strategies taught by Marx.

Friend, I would not be surprised if, when it all shakes out, we discover backroom deals were made between the Democrat Party and Putin to put on this whole Russian collusion scam against

¹⁰ 1004.31.2-PolitiFact | Allen West says about 80 House Democrats are members of the Communist Party <https://www.politifact.com/factchecks/2012/apr/11/allen-west/allen-west-says-about-80-house-democrats-are-membe/>

Trump in the first place. I mean, the first thing Biden did was remove sanctions, paving the way for Russia to complete their Nord Stream 2 pipeline — and when that got too hot for their plot — I think they worked out a way for Biden to blow it up, preserving their cover, and allowing Russia to get Ukraine. Now, apparently, these people think America is ready to be harvested, so China, Russia, and Iran are combining their powers and getting ready to pounce — the only thing that is in their way is the PEOPLE OF AMERICA RISING UP IN SUPPORT OF TRUMP!

Listen, friend, get ready for something here! The globalists have taken Canada, Britain, France, and Germany — if we come under attack from Russia-Iran-China, Brazil, and India will very likely join in. We might find some help from Hungary and Australia, although that's a bit iffy; Scandinavia, Israel, and, surprisingly, maybe Saudi — have you stopped to think about this? The alignment of nations is unraveling right now and rearranging — and it's all because of a STOLEN ELECTION. I'm not sure we can count on the old NATO alliance.

I don't think Russia is our friend.

I know Iran is not! Iran spied on Trump's campaign¹¹ and sent the intel to the Biden/Harris campaign. Anyone surprised at that? What does Iran have that the Deep State wants? Is it one of those “the enemy of my enemy is my friend” sorts of deals?

And we know that China has got the Biden's chained to his yen, over 20 million funneled to the Biden family and associates.

So we have Iran, Russia, and China, each with tentacles reaching into the Deep State apparatus in the US — all working with Democrats to defeat Trump.

¹¹ 1004.27.10-Iranian hackers sent stolen Trump campaign info to Biden campaign associates, FBI says <https://www.nbcnews.com/politics/politics-news/fbi-says-iranian-hackers-sent-stolen-trump-campaign-info-biden-campaig-rcna171759>

I mean, follow the money! Consider the interests! Let's see now: Iran is the number one beneficiary of a Biden/Harris win. Russia is probably No. 2, and China is the No. 3 beneficiary of a Harris win. I might not have the order right, but these three countries have a huge interest in a Harris win.

Do any of these countries benefit from a Trump victory? And these are the three countries that are named together repeatedly as the ones trying to hack into our election. Yeah, they are named together.

So, who wants Trump dead? FBI & Secret Service leadership have pretty well buried the Crooks attempt. Destroyed evidence and sent out so much chaff and false flares to evade the missiles¹² of TRUTH — at least for now! But now sources now confirm that R yan Routh — you know, the guy who tried to snipe Trump while he was playing golf in Florida — the dude was connected to US Intelligence Agencies.¹³ We now know that the “Deep” State Department of Homeland Security under Myorkas informed Secret Service, well before July 13 that there are 5 separate assassination teams targeting Trump. I want an investigation into how long Myorkas sat on this intel, and why the FBI and SS ignored it.¹⁴

In fact, with this knowledge in hand, Biden refused to expand Trump's protection after repeated requests.¹⁵ “Secret Service admits

some security modifications for Trump “were not provided” ahead of the first assassination attempt.”¹⁶

That was September — now we know that BACK IN JULY Myorkas informed the FBI and the SS that there are five active assassination teams hunting for an opportunity to shoot and kill President Trump — and knowing this, they refused to provide “security modifications” requested by Trump’s protection team.

And they still are not providing adequate coverage after. All that would have been needed to cover the Trump International Golf Course in West Palm Beach, FL — it’s not hard! A simple resource that should have been available. Actually, that was offered to the Secret Service at the Butler, PA site — but refused.¹⁷ Wonder what happened here?

Who wants Trump dead? Well, hold on through the break and I’ll answer that question.

Segment.02 Hello. Welcome back! I’m Dr. Jerry Scheidbach, pastor at the Lighthouse, your brain masseur, and Paul Revere’s lantern lighter, lighting the lamps in the church belfry arch, signaling the enemy is on the march, an enemy that would steal from us our liberty.

Take a look at my link to the 50 examples of anti-Trump hate speech the Trump/Vance team assembled in the link provided here.¹⁸

Time will not allow me to examine all of them with you.

Here is an overview: Kamala repeatedly declares Trump is a “threat to our democracy and fundamental freedoms.” Joe said, “It’s time to put Trump in a Bullseye.” Joe said, “I mean this from the bottom of my heart: Trump is a threat to this nation.” He even attacked Trump’s supporters: “Trump and MAGA Republicans are a threat to the very soul of this country.”

Tim Walz asked and answered: Are Republicans a threat to Democracy, Yes. Are they going to put people’s lives in danger? Yes.

Nasty Nancy said Trump is a threat to our democracy. Representative Jasmine Ceckett said, “MAGA in general—they are threats to us domestically.” Hmmm. Enemies foreign *and domestic*.

Representative Dan Goldman said Trump “has to be eliminated.”

Representative Steve Cohen: “Trump is an enemy of the United States.”

And you probably remember the Maxine Waters tirade.

Adam Schiff said “Trump is the gravest threat to our democracy.”

And this does not even go into the punch-him-in-the-face threats that have come from Pelosi and Joe Biden.

But let’s take a moment to look at this New York Post article that focuses on their comparisons of Trump to Hitler.¹⁹

Biden staffers call Trump “Hitler-pig.”²⁰

Democrat US Congress, Vicente Gonzales, compares Trump supporters to Jews supporting Hitler.²¹

Hillary says, “Hitler was duly elected. All of a sudden, somebody with those tendencies, dictatorial, authoritarian tendencies, would be like, ‘OK, we’re gonna throw these people in jail.’ And they didn’t usually telegraph that. Trump is telling us what he intends to do,” she said. “Take him at his word.” [IBID-19]. Check the link and look into this — Trump is saying people who interfered in our elections will face prosecution, according to LAW! Not what Biden is doing in abusing the law by weaponizing government against his political enemies.

This has been going on since Trump’s first term [IBID-19].

Rep. James Clyburn (D-SC) and Jerry Nadler (D-NY) “uncorked on then-President Trump in 2019 in response to tough talk about immigration, both evoking Nazi Germany in their lashing out.” [IBID-19]

Clyburn said, “Adolf Hitler was elected chancellor of Germany. And he went about the business of discrediting institutions to the point that people bought into it. Nobody would have believed it now. But swastikas hung in churches throughout Germany.” And he added: “This is the same type of propaganda that we heard in the 1920s and World War I against Jews.”²²

She is either a bad writer or a clever liar. She writes it as if Trump made that comment in response to the hecklers shouting *Black Lives Matter: NO!* It was because of the obscene and unruly behavior that was disrupting the rally. We have free speech, but we do not have freedom to disrupt the free speech of others.

December 22, 2015 — Grand Rapids, MI, “Trump mentions the fact that Vladimir Putin ‘has killed reporters’ and says he is ‘totally against that’ himself, and explained: “I hate some of these people, but I’d never kill them.”²⁸ Begin to see what I mean. This is not hate speech at all, and certainly nothing by comparison of what Cathy condones in the Left.

February 1, 2016 — Rally in Cedar Rapids, IA, Trump says he was warned about tomato-throwers in the audience: “If you see somebody getting ready to throw a tomato, knock the crap out of ‘em, would you? Seriously. Just knock the h***—I promise you, I will pay for the legal fees. I promise. I promise.”²⁹ You judge! But when you judge a statement like this, compare it to Kathy Gifford holding a mock decapitated head of Trump. Or Hillary calling him Hitler.

February 22, 2016 — Trump reacts to what Cathy Young described as a “nonviolent heckler” in Las Vegas, NV — “You know what they used to do to guys like that when they were in a place like this?

Trump said, "Any guy that can do a body slam, he is my type!"³⁹

Okay, one more, and believe me, this is ALL THEY'VE GOT. That's it! It's pathetic — these people are pathetic.

May 9, 2019 — In Pensacola, FL, Cathy describes Trump as playing "standup comedian." Someone in the audience suggested [ILLEGAL] migrants be shot at the border. Trump explained that border agents are not allowed to use weapons against border crossers. And he said, "I would never do that. But how do you stop these people?" Someone shouted: "Shoot them." Trump chuckled, and when the laughter and applause calmed a bit, he said, "That's only in the Panhandle [of FL] you can get away with that statement. Only in the Panhandle." Cathy adds an uncontested "report" that in White House discussions, Trump did suggest shooting border crossers in the legs.⁴⁰ Trump was, literally saying we can't let our border guards use weapons, other countries do, but we can't.

I'll leave the rest of this in my notes. Go to brainmassage.net and download the notes.

April 17, 2020 — Trump suggested it might be necessary to shoot at looters (1004.27.n-A look back at Trump comments perceived by some as inciting violence - ABC News <https://abcnews.go.com/Politics/back-trump-comments-perceived-encouraging-violence/story?id=48415766>), he challenged states to “liberate” their states and “save your great 2nd Amendment. It’s under siege.” See <https://www.thebulwark.com/p/donald-trump-violent-rhetoric-catalogue> under April 17, 2020 copy of a Trump Tweet.

Cathy goes on with 2020 tweets by President Trump chiding states for their draconian lock-down policies during the COVID scam — his comments regarding the handling of Antifa, his statements concerning Proud Boys, taken out of context, of course, and the J6 debacle is spun entirely around the narrative that Trump was inciting an insurrection and the occasions when Trump referred to the liar Jean Carroll and the corrupt Judges that served as the Inquisitors for the Democrat witch hunt against Trump “human scum that is working so hard to destroy our Once Great Country.” And it’s all the same thing!

What she did not find is that Trump ever called for the assassination, or the “elimination,” or for a “bulls-eye” to be put on Biden, or Harris, or any of them — his supporters never mocked a beheading of Biden, or a play in which Biden is murdered to the applause of his supporters, or ... well, need I go on!].

Who wants Trump dead, and who wins the hate speech debate?

Great gains have been made against the “most extensive and inclusive voter fraud organization in the history of American politics” [INSERT CLIP 13].

States are being sued to remove dead people and other non-eligible registrants from their voter rolls — and the citizens have been diligent in hounding these hounds into compliance with the law.

Alex Jones estimates that the Democrat voter fraud machine has been cut back by 50% — which likely explains why the Biden/Harris regime is pushing harder to get their war started before Trump comes into office and why the Democrats are pouring funds into House and Senate races.
