[INSERT COMING HOME AD-60]

I went into the archives to find some of the shows I produced after Trump's first win in 2016 — we were concerned about election fraud in CA back then and that concern boiled over in 2020 and 2024. The America bashing has been going on for a long time — I mean from within our country, by Americans.

Marxist Communism was becoming increasingly popular in European academia and began filtering into American higher education in the 50s during the Red Scare. This does not mean there were even “many” teachers in America teaching Marxism in our schools—it does mean there was an underground movement of Marxist agitators working through youth groups outside the school to recruit students within the schools with the passive support of some “fellow traveler” teachers and fewer undercover carded Communists.¹ Some of these worked their way into administrative positions in the colleges and, over time—undermining American values became normal and infiltrating our political institutions with a curriculum that was and continues to be anti-God and anti-America as founded. The “Apple” was rotten to the curriculum's core. Most apples that fell from that tree fell close!

This grew into the messy swamp we have today in DC, with troughs feeding their sludge into almost every classroom in America all the way down into Kindergarten.

But there is a new day dawning, and the light rising on the horizon is not Commie Red; it's Red, White, and Blue. MAGA is not only about America First; it's about the First America — or, as Rush would call it, America as founded. Wouldn't Rush be happy today? Wouldn't you like to hear him speak the day after November 5, 2024? It's a broad movement of Americans returning home.

The Thanksgiving bashers are quieter this year. During Biden's usurpation of the White House, MSNBC's "Joyless" Reid read us out for stealing America from the Indians with cruelty and violence —she confused Jamestown with Plymouth Rock.² Claiming the Plymouth Rock experience was used to erase the genocide that followed. Sort of like how people like Reid used the violence of white settlers to erase the violence of the indigenous people before they arrived, or the way people like Reid divert attention from the fact that the atrocities of slavery include black slavers, African tribes "selling" their own into slavery, oh, and that little footnote in history called the Civil War and the fact that it was REPUBLICANS who were on the right side of that issue while DEMOCRATS were the ones wearing KKK hoods — you might check in with Grand Master Democrat Robert Byrd, or racist Democrat Biden about that! I'll go with Abraham Lincoln and the emancipation and not with Lyndon Baines Johnson and his crafty "new plantation." And you can ask Candace Owens about that, or Dinesh!

If Americans picked Plymouth to represent their sentiment about our arrival to this continent for GOD and religious liberty and not Jamestown and the settlers there who came for gold and not GOD, don't you think it's a good thing we relate to Plymouth and not

James Town? Maybe that's the lineage that led to the final end of that wicked Democrat business of building their Southern empire on the labor of slaves as the nation slowly divided over this and separated into Republicans and Democrats. Just sayin'!

Here is Joyless Reid's statement this year, where she clearly confuses liberals with conservatives. There is no way you can endure listening to this without me pausing it to give you a chance to respond to the multiple inanities she spits and hisses out of her mouth, so I'll interject your response vicariously, and then you call 805.314.2114 and tell me if I got close — enjoy:

[Insert 74.Reid, Joy broken up with my commentary as though responding to this.]

“To suffer the consequences of your votes?”

Joyless, He has not even been inaugurated. But we can look back on four years of Trump and tell you, from experience, we know Trump is not a fascist: he has consistently protected free speech and has faithfully submitted to the rule of law even when it was being used contrary to law to persecute him for his political beliefs. He never resorted to violence to defend himself!

So, yeah, I am looking forward to the “consequences” of my vote! Lower prices, justice restored—no more two-tiered justice—no more favoritism showed to our real enemies — no more threats of legal penalties for believing men are men and women are women — back to common sense and traditional American values — yeah, I say, BRING ON THE CONSEQUENCES.

But then, I realize what you mean by “consequences.”

“You don't want to be around me because I voted for fascism, no fair! I'm coughing on you with COVID, but you want me to wear a mask for your safety? No fair! My body, my choice!”

Well, uh, how do I respond to that? Joy, I don't want to have Thanksgiving with you! Haha!

So, I thought you must be talking about some Democrats who voted Republican this year. Typical of a Progressive, you don't bother making any effort at all to understand why; instead, you snarl and hiss and snipe — truly, Joyless, you'd be a most unpleasant guest, so, yeah, this also is a “consequence” I welcome!

I would challenge you to find any Christian conservative Republican you know who acted like this when Obama or Biden became president. It seems to be pretty much limited to the Democrat community to ostracize people you disagree with on political issues. You are consistently the ones who punish your political opponents, and, well, here you go again! PUNISH, PUNISH, PUNISH — and you get so personal about it! I will punish you by not eating with you? Really?

Well, I'll say this: at least now you can no longer punish us by shutting down our free speech,³ sending SWAT after us for protesting Abortion,⁴ or marking us as domestic terrorists: see Biden's infamous MAGA hate speech,⁵ in which, according to Wall Street Journal, he cited retired Judge Michael Luttig, an informal advisor to Mike Pence, that Trump and his allies are a “clear and present danger” to American Democracy.⁶ That's a clear and present target slapped on the back of every MAGA American that screams DOMESTIC TERRORIST. It's the equivalent of the yellow armband branding Hitler's political and social enemies. Oh, and don't forget the bit about sending us to reeducation camps. What? Jerry, you're kidding!

No! I'm not. Read this article about Democrat Paula Collins, who ran for Congress to represent New York's 21st District. She literally called for Trump supporters to be sent to "a reeducation camp" to stop what she called a "MAGA nightmare."⁷

As for the coughing on you with the COVID thing — really? Who did that? Name the MAGA American who coughed on you while he or she was suffering the Fauci-GOF disease. Now, the reasons many Americans refused to wear that mask are laid out clearly in my book: "Let My People Breathe." You can get it anywhere books are sold. Reid, did you examine 900+ scientific articles on the efficacy of masks against virus transmission or infection? You didn't? What a shock! Tell me, did you at least know that Fauci said masks don't work against viruses because the particles are too small —yep! He said that in January 2020 and then changed his mind in February—though he never explained the scientific basis for his change of mind. Read my book; it's a short but powerful read on this subject: Let My People Breathe; get it from our church bookstore, and you'll get a price break: baptistlighthouse.org. Let's send one to Joy!

But it appears here that Joy is not directing these comments to Democrats who voted Trump. In that case, I can guarantee Ms. Reid that no MAGA American is concerned about your "threat" to not eat with them. So, again, a "consequence" of voting Trump that is very welcome! She goes on!

"Well here's an alternative thought. Make your own dinner, MAGA. Make your own sandwiches, wipe your own tears, troll amongst yourselves with Elon, and leave us alone."

This is weird. I have to ask my listeners, are any of you trolling Joyless? Are you "trolling" — what is that anyway? I used to fish

with my Dad fairly often, and we would troll by dropping a baited hook, or more often a lure, in the water and run along about two, maybe three miles per hour — so is anyone trying to bait a liberal to snare them in some argument or something? I don't think so. I get these trolls trying to sucker me into an argument about something all the time—and I don't think I have ever spent a moment whining about that or pleading with them to “leave me alone.” Reid, really, girl, it's pathetic! I mean, I don't know if you care about my feedback, but, well, tell me Brain Massage® LIGHTS ON friends — am I speaking your mind here? Call 805.314.2114 and let me know.

And “Make your own dinner, MAGA.” “Make your own sandwiches”? Maybe it's cultural thing but, I just don't get it. Do conservatives regularly have you make their sandwiches? It's just bizarre — so disconnected — What is her anticipated response to this? Oh no!!!! HELP US, we have to “make our own dinner,” and “make our own sandwiches”? What does she envision would be our response? Now what am I going to do — I have to make my own dinner and, even worse, make my own sandwiches.

I AM SOOOO GLAD THIS IS ALL THEY HAVE LEFT! They used to threaten us with education camps—now this is the best they can throw at us — MAKE YOUR OWN DINNER, MAKE YOUR OWN SANDWICHES. — Yeah! That'll get us!

“You got your heart's desire, the president you dreamed of and worship instead of Jesus.”

Joy, Joy, listen, really? Do you really believe MAGA Americans worship Trump? I wish you would do what I do and present a footnote or a reference to support your outlandish statements, like this article from Investors Business Daily reporting that a Lesson Plan for third-graders teaches these youngsters that Obama is the

Messiah we've all been waiting for.⁸ That was included in a “controversial federal education initiative” for third-graders in American public schools. A comedian and actor, Jamie Fox, speaking to a “wildly cheering crowd,” said “first of all (give) honor to god, and our lord and savior Barack Obama.”⁹ This sentiment, according to Investors Business Daily, is “creeping into lesson plans and reading materials being created under the guise of the platform for nationalized education known as Common Core.” And adds, “One new lesson teaches our children that Obama is indeed the messiah.”¹⁰

Joy, do you remember the Obama rallies? Politico reported: “Messianic rhetoric infuses Obama rallies.”¹¹

Yet, when I see the Trump rallies, I notice that often Trump will clearly stipulate that JESUS is the Christ — it was at a Trump rally that someone cried, CHRIST IS KING, and JD said, yes, Christ is King; whereas in a Kamala rally someone cried Christ is KING and Kamala directed the young men to that rally down the street! Everyone knows which Party welcomes the true Messiah, Joy, you need to catch up here!

“And this time, you didn't even have to storm the Capitol, smash the windows, or try to kill police officers or issue death threats to poll workers. See, you did it just by voting this time. Congrats!”

Joy, Joy, Joy! You are in for four years of disappointment and despair. When the truth about J6 comes out, I'll come back to this statement you made and feed it to you gently. But you are going to

eat these words. And when the truth about 2020 finally breaks through the barrier of your delusions — I'll be here for you to help ease you back into reality! We have been praying and calling on our fellow conservative warriors to restore the ballot box model of revolution — and in all my years, I've only seen this twice — once was the Reagan revolution in 1980, inaugurated in '81, and the second was Nov. 5, 2024 — the MAGA Revolution.

By the way, did you notice we do not call it the Trump Revolution? This is good because, like I said, no great movement begins without a great man at the helm, but no great movement continues until it grows bigger than that man — and the MAGA movement is already larger than TRUMP! No great movement continues long after its founder passes unless it grows bigger than its founder.

Back to JOY!

“You got your way. And he even got away with breaking the law. Yay! But if you expect the 73 million who voted for the prosecutor, not the felon, and particularly the 92% of black women who voted for Kamala to give you a cookie for your vote, a trophy, a hug, a high five, you might be asking too much. If we want to eat with you, we will. But if we just want some peace over the holidays and we don't want to put up with your trolling while we eat our tofurkey, get over it. Stop acting like we owe you, and for God's sakes, stop whining. It's embarrassing. Our Thanksgiving, our choice.”

Well, let's wrap up segment one. We got our way? What we got was a restoration of the American WAY! As for 73 million votes for Kamala — get ready for another disappointment Joy — we are all already asking where 10 million Biden votes disappeared to! Biden's poll numbers are more reflective of the hardcore Democrat vote in this country, and it's more like hovering around 30-35%. Wait for it folks — we have a lot to do in these coming four years, and it will take a while to get to this, but MAGA Americans are smart, and they know that fair, transparent, and legal elections are absolutely

critical to our Republic so we will not let this election fraud nonsense continue.

And the whole 92% of Black women voting for Kamala—I doubt it seriously, but the real news is that the Democrats completely alienated men of every color.

BUT ON THIS NEXT POINT, I DON'T THINK THERE WILL BE ANY DEBATE — NOBODY IS ASKING you FOR a cookie, TOTALLY NOT INTERESTED IN YOUR trophies, maybe you are not paying attention to the declining interest among Americans in your Oscars, Grammys, Golden Globes¹² —, but it is telling, I think, what hypocrites you on the left have become that you won't even allow us a “participation trophy” — for PARTICIPATING IN THE GREATEST COMEBACK IN THE HISTORY OF POLITICS!

But really, Joy, you're the one who needs a hug and in desperate need of something to inspire a high five, but offering you any hope of something like that developing anytime in your near future “might be asking too much.”

I don't know anyone trolling you, but if I come across some I'll pass it on that it's really annoying you because it distracts you from enjoying your Tofurkey. Personally, I think we would be doing you a favor to pull you away from your political slavery to vegan tofurkey, but I guess that's a matter of taste, and you are free to yield up your divine right to the dominion or to use that right as you please, so, by all means, go vegan!

As for anyone acting like you owe us anything, well, you do, if by “you” I mean the Deep State establishment swamp ooze that has risen out of the Deep State bureaucracy and moved like the BLOB

over our Constitution! You owe us plenty, and we will collect through proper legal JUDGMENT reclaiming JUSTICE for American Citizens. Including you, by the way!

As for your request that we stop whining — really, Joy, I think the only place MAGA Americans are whining right now would be in your dreams! We are wayyyyyyy to happy to spend any time whining about you! So, once again, the libs projection thing is at work!

And finally, your sign-off, “Our thanksgiving, Our choice!” Actually, you are right. But, “Your Thanksgiving” — isn’t what we traditionally celebrate in America, and we are turning back to our original FOUNDATIONAL principles and traditional holidays! For you, Thanksgiving is a day of Indigenous People mourning! Remember, Joy. You are not supposed to be joyful on Thanksgiving. Your Thanksgiving is about America “last,” America “bad,” America “evil,” and we must turn the joyous occasion of our earliest settlers into a day of shame and infamy. So, your Thanksgiving is your choice; but MY THANKSGIVING IS NOT!

This is MAGA Thanksgiving! And you are welcome to join us in the celebration! You are also welcome to crawl, depressed, into your hovels and put a sign on your doors, NO MAGA AMERICANS ALLOWED. That’s fine.

We are going to go now and ENJOY OUR STEAKS AND TURKEYS, AND PUMPKIN PIES, AND THERE WILL BE HIGH FIVES ALL AROUND, AND JOY TO THE WORLD SUNG FROM HOMES AT HEARTHS DECORATED IN ANTICIPATION OF THE COMING GLORIOUS CELEBRATION OF CHRIST’S BIRTH.
