DIVIDE & CONQUER / THE SURPRISING LINK BETWEEN ISLAM  
AND DEMOCRACIES IN THE WEST!

Original Air Date: 01.04.25

Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in Santa Maria, CA, and your brain masseur. Get ready for your brain massage.

Divide and Conquer: it's working for the Democrats. They know Speaker Johnson must gavel with Democrats so long as the House is Divided. Didn't Jesus say something about a house divided? Oh yeah! It can't stand! The Dems are drooling over the prospect they can paralyze Trump through a divided House and even delay the inauguration!

Talking about tensions stressing fractures within the MAGA movement—a more gentle way to describe infighting among conservatives: Musk and Trump want to preserve the H-1B Visa program. Some MAGA conservatives feel strongly it displaces American workers and contradicts the America First principle. Let's take a look at this.

“They” are building up to another pandemic—another harvest for Big Pharma and the Grim Reaper toward the common goals of profiteering off the World Economic Forum depopulation agenda. The same organization the Jesuit Pope Francis recently endorsed to create and administrate the coming globalist government.

And, finally, what do Democratic governments and Islamic fascism have in common? Wait for it!

It's time for your brain massage!

[TRUTH]

Divide and Conquer: it's working for the Democrats. They know Speaker Johnson must gavel with Democrats so long as the House is Divided. Didn't Jesus say something about a house divided? Oh yeah! It can't stand! The Dems are drooling over the prospect they can paralyze Trump through a divided House and even delay the inauguration!

Every time Johnson finds himself at odds with some of the MAGA members, he has to make a decision to either stand with them against the Democrats, or cave in to Democrats to get what he wants. So the question is, will Johnson lead Congress to fulfill the MAGA agenda or his own? If he goes with his own agenda, he will have to decide if it's worth compromising to MAGA or to the DEMS. What galls me is that he seems so committed to his own agenda that he will cut off MAGA and throw in with the DEMS. WHY, WHY, WHY is he so willing to compromise with DEMS on some of the most ridiculous things imaginable but stubbornly holds out against his fellow conservatives?

The MAGA Republicans are concerned Mike is too weak to lead the MAGA charge against Business As Usual!

Will Republican infighting delay the inauguration? What did Jesus say about that? Oh yeah! It can't stand! Jeffries has one hand on the gavel right now. The problem with "Big Tentitis," it creates tinnitus and the Speaker's Dilemma; he can't get his message through the noise. The reason Speaker Johnson is having trouble getting Republican support for his efforts is that a significant number of Republicans don't support his efforts.

Talking about tensions stressing fractures within the MAGA movement, a more gentle way to describe infighting among conservatives: Musk and Trump want to preserve the H-1B Visa program. Some MAGA conservatives feel strongly it displaces American workers. Let's take a look at this.

VAX:

“They” are building up to another pandemic — another harvest for Big Pharma and the Grim Reaper toward the common goals of profiteering off the World Economic Forum depopulation agenda. The organization the Jesuit Pope Francis recently endorsed to create and administrate the coming globalist government.

You know what the World Economic Forum is, right? That’s the front organization for the globalist agenda led by Karl “You’ll own nothing and be happy” Schwab, founder of the World Economic Forum — the organization Pope Francis lately endorsed to put together and administrate a “one world government,” with its false prophet Yuval Harari, a sort of self-appointed Buddhist Priest for the Elite<sup>1</sup>—preaching humankind has the “dubious distinction of being the deadliest species in the annals of life”<sup>2</sup> and whose best answer to the question of evil is to postulate: “There is a single omnipotent God who create the entire universe — and He’s evil,”<sup>3</sup> and so our only hope is in the elimination of GOD and of the man He created! Men will neither voluntarily eliminate their gods nor themselves, so we must settle for reducing gods to meaninglessness and the population of mankind to something manageable by a species of superhuman anticipated in the next evolutionary advance via punctuated equilibrium. Oh, and this from the perverse Buddhist—“Homo Sapiens has [sic] no natural rights, just as spiders, hyenas and chimpanzees have no natural rights.”<sup>4</sup>

My favorite quote from the Globalist prophet is, “You could never convince a monkey to give you a banana by promising him limitless bananas after death in monkey heaven.”<sup>5</sup> It is one of the few things Harari gets right! So don’t waste your time preaching monkey heaven to monkeys. And remember that Harari thinks you’re a monkey, which is only one of an array of reasons he is okay with a vision of the future that does not include Homosapiens as God created them but hybrid human machines made in his image and likeness. Okay, enough on the Globalist prophet.

But the depths of secularist perversity correspond to what Jesus called the “depths of Satan” (Revelation 2): here is a report that tells us a Gates Foundation whistleblower warns that the Bird Flu is another scam, like the COVID thing they used to box in Trump the first time. I’ve got a transcript of The People’s Voice report that you should read, and a link here to the video you should watch.<sup>6</sup> I’ve provided some excerpts here:

First, here is how Sean sets up the revelations given on this episode of TPV:

It's the same game plan. Remember Dr. Wen? During COVID, she beat the drum for vaccines saying while people have a right to refuse, if they do, they should no longer be allowed to be in public.

Hmmm. I wonder if Dr. Wen is on the same list the President of PharmaMar, a European equivalent to Pfizer, named Fernandez Sosafaro, who got caught refusing to take the jab, and paying big money to buy his VAX CARD, certifying his vaccination status as FULLY VAXED when in fact, he refused to take the jab. It was discovered the 2.200 celebrities, Big Pharma executives, and government “big-shots” bought fake vaccine status affirming documentation. It's a scheme called Jenner Operation.<sup>7</sup> Yeah, I checked on this; it's a real thing! Article from EuroWeekly: “Many questions remain over the false Covid-19 vaccination certificates bought by stars, sports personalities, and business leaders.”<sup>8</sup> Did Fauci buy one of these? I talked about the big Pharma exec who explained why the executives were not “allowed” to take the jab—he danced around a bit, but in the middle of his answer, he revealed

the truth—the executives cannot participate in an “experimental” vaccine because they are needed!<sup>9</sup> A BioNtech CEO, BioNtech is the German company that produces the vaccines for Pfizer. This Big Pharma boss got caught faking his vaccination—the rest of you are on notice!

Perhaps the rationale underlying this evil behavior is nonetheless sound:

The New England Journal of Medicine has confirmed that Gates is bioengineering mosquitoes to spread “vaccines” without our consent.

In the past, gene therapy vaccines were set aside because of the proven side effects: multiple cancers and lethal autoimmune reactions. Jansi Chun Lindsay, a toxicologist and molecular biologist with over 30 years of scientific experience, that includes vaccine development, with a doctorate in Molecular Biology — reports that she knows for a fact the issues with mRNA in vaccines has not been resolved.

She tells us three separate labs across the globe have found the vaccines produced by Pfizer and Moderna are contaminated with DNA plasmids. These vaccines, she says, are introducing material into those jabbed that are not supposed to be in the “vaccines.”

Vaccinated buried bodies are emitting detectable radio frequency waves. Yeah, check out the guy holding a handheld spectrum analyzer getting a reading over the grave of a vaccinated corpse.

In a recent study, 11 persons injected with the Bird Flu vax died! Many others suffered “horrific side effects.”

Look, you need to do your own research; I can only report what I find understood within a limited knowledge base. I’m not a medical

doctor; I'm a doctor of theological studies. It would be real easy for someone like Fauci to dismiss my comments as ignorant and ill-informed.

But let me tell you what devils like Fauci cannot gainsay! I know a liar when they lie to me repeatedly. Here is something none of us needs a medical degree to understand: Fauci lied, and people died. Big Pharma is lying, and people are dying. God is good to make it simple. RFK stated that not one of the scheduled vaccines has been safety tested. Fauci called RFK a liar. Trump arranged a meeting between RFK and Fauci, and RFK confronted him about this. He said, show me one completed safety test on any of the scheduled vaccines. Fauci said he did not have them with him but would send them. About a year later, Fauci's lawyers met with RFK and admitted in a written statement that what RFK had said was true.

Fauci, et al, said take the vaccine, you don't get or give COVID. Then, take the vaccine, and you still get COVID, but not as bad. Then it was take the booster, and you'll be safe. Then it was you are not safe with the vaccine or the booster; you needed to take another booster — these people were EXPERIMENTING on human subjects WITHOUT THEIR CONSENT. Just like Fauci was accused of using hundreds of foster children in his AIDS drug experiments in the late 1980s and 90s. "In many instances, the drugs were given without independent advocates who monitor the safety of these children."<sup>10</sup> And the so-called "whistle-blower" actually justified using these children, his concern was on other matters. GOD IN HEAVEN, GET US OUT OF THE CLAWS OF THESE MEDICAL PREDATORS.

Remember Kevorkian, Dr. Death? I see Fauci as a Jesuit plant serving the spirit of DEATH with HELL following in his wake!

He is an evil man! I need to close this segment. But let me vent a little. On the subject of evil men — I want to go on record right now loud and clear, Biden is an evil man. May I encourage my fellow conservatives to quit with the poor, inept, doddering old man routine? The man has been a liar from the beginning of his career; he has amassed a fortune through his treasonous behavior at the expense of and in defiance of the public offices he has held. He has been “excused” from justice when convicted of serious and egregious crimes because of this game that’s being played on us about his incapacity and so on! It really annoys me that he is escaping accountability for TREASON, and such TREASON as has cost the lives of honorable soldiers in Afghanistan, he has weaponized the DOJ and the FBI against innocent American citizens and exposed the entire country to vicious and violent illegal crossers with his open border policy — HE HAS KNOWINGLY AIDED AND ABETTED CRIMINALS TO CROSS OUR BORDERS AND KILL AMERICAN CITIZENS AND EVEN THOUGH THEY ARE CAREFULLY USING AMERICAN SOLDIERS TO PERPETRATE THESE LATEST TERRORIST ATTACKS — YOU BETTER PAY ATTENTION! THESE SATANIST DEVILS ARE PULLING THE NEXT LEVEL SCAM ON US, AND WE HAD BETTER PRAY IT ALL GETS EXPOSED QUICKLY. I’m sure a man who served honorably, was a Trump supporter, had just received a major career promotion, willingly sacrificed his life to blow up a Tesla in front of a Trump Tower — Dear Hegseth, Dear Kash — please be proactive and look into this.

We’ve been warned that a flurry of terrorist attacks were being planned for 2025 — have we witnessed the first “salvo”?

Hold on; I’ll be right back!

What do Democratic governments and Islamic fascism have in common? There must be some common denominator interest held in common else the behavior of Obama, Hillary, Biden, and really the entire Progressive establishment in the US is inexplicable.

No way a movement committed to women's liberation buys into the Islamic ideology regarding females. These are the same people who want to utterly and completely destroy anyone in the West who opposes abortion, same-sex marriage, or homosexuality, despises a Christianity that holds to biblically based values and mores, and yet they are totally comfortable with an ideology that systematically oppresses women, and kills homosexuals, wraps children in explosives to use them as weapons against their enemies, openly calls for genocide against the Jews and Christians and America and Israel — arrests 16 protestors and jails them on charges of “vandalism” and “trespassing” and ignores the BLM/Antifa burning buildings, firebombing police, and committing murder—who tolerates hate groups like Hamas to march in the streets of New York calling for INTIFADA against Jews—New York, whose population is 960,000 right now<sup>11</sup> — that's about 12% of the population of the City! They tolerate Jew hatred and go all ballistic on fake charges of black racism or so-called “homophobia.” Imagine what would be done if a massive group of Christians marched in open solidarity with Israel chanting: Yehi Yisrael L'olam! — or more popularly: Am Israel Chai!

---

<sup>11</sup> 1019.0.1-how many Jews in New York City at DuckDuckGo <https://duckduckgo.com/?q=how+many+Jews+in+New+York+City&ia=web>

Or if a group of White Supremacists wearing Swastikas shouting the same thing these Hamas Jew-haters were shouting?

What gives these haters a protected status among the Progressives?

And in London right now — why does King Charles tolerate the Islamification of London? Why does he knowingly tolerate Muslim rape gangs operating in London—I mean, the police know about this, and they do nothing. These Muslim “pedophile rape gangs” kidnap children and keep them as sex slaves, and this has been going on for over a decade — I mean, that we KNOW ABOUT.<sup>12</sup> There are hundreds of little girls from 6 to about 15 being kept by these perverted pedophile gangs, and the police know about this and do nothing! Tommy Robinson discovered this, researched it, documented it, and was put in prison for exposing it. He is free now, and he has bravely decided to release his documentary. See it here.<sup>13</sup>

Muslim pedophile gangs stealing children, keeping them as sex slaves with the FULL KNOWLEDGE OF THE POLICE AND KING CHARLES.

Charles has been known to have a very strange attraction to pedophile friends. That’s not a casual slur! That’s a documented fact. He has had long-standing relationships with known pedophiles, and they found in him a useful friend! Nobody makes friends with pedophiles and hangs with them for years who is not one himself. That’s my opinion. And it is supported by a long history of suspicion regarding the PEDO-KING!

Birds of a feather!

He is a sick bird. He is about to be fully EXPOSED!

<sup>13</sup> <https://x.com/TRobinsonNewEra/status/1817184820151070917>

Right now, as I speak, Obama, Hillary, Michelle, all of them, are being exposed — Oprah is threatening to “end” Mel Gibson because he is exposing her and her friends — the whole Diddy thing is breaking open, and it’s only a matter of time the Epstein files are going to be made public.

The promiscuous lifestyles of these people would sicken normally-attracted people. It’s so grotesque; believe me, you have not seen the half of it. What they do in secret would appall and disgust you.

And then, when it involves the children — that’s when it’s going to cross the line.

That part is beginning to be exposed — Muslim child rape gangs operating in the UK under the protection of those responsible to protect and serve!

People high up in political office are part of this—the question is, what are they getting for covering for them, what threats are they under, or what seduction have they succumbed to so that they are owned by these people — how many are on Epstein’s list of Islanders who rode the Lolita Express?

Where is *Noblesse oblige* — the obligations of nobility to behave with honor and dignity? Some in England are “protecting” *noblesse oblige* by protecting the sick pedo king from exposure — the obligation of nobility falls on the nobles! King Charles has shamed *noblesse oblige*. He does nothing to bring these barbarian sex perverts to justice because doing so EXPOSES HIM AND HIS FRIENDS.

What is down in the dark underbelly of the mystery of “western” protective instinct for Muslim perversity—do I have to say not every Muslim you meet is a pervert, in fact, probably none that you would meet—do I have to say although the POPE is undeniably a Catholic, not all Catholics are kissing the ring of this one—understand? But these gangs in London are Muslim pedophile

gangs that subscribe to a religion founded by a man who took a 9-year-old to be his wife and a religious system that has a long history of inbreeding and pedophilia, and now it's coming out into the open.

Listen, the common denominator that links what would otherwise seem impossible ideologies together is these common interests:

THEY ALL HATE CHRISTIANITY, AND THEY ARE ALL SEXUAL PERVERTS. HATRED FOR CHRISTIANITY AND A VILE APPETITE FOR SEX WITH CHILDREN IS WHAT makes bedfellows between otherwise totally opposite ideologies: Islamists and perverted democrats.

Sexual perversity has long been the tool of Satan to corrupt and control men and women — that's who Diddy and Epstein served and were used to enslave hundreds of “stars” and “the filthy rich” — gives a new meaning to that expression — big business tycoons and others — kings, and presidents, and parliamentarians and Congressmen and women —

It's embarrassing to hear Putin say the West is run by pedophiles!

GOD help us TAKE THE SWORD OF THE POWER AND USE IT AS YOU INSTRUCTED AND BRING JUDGMENT UPON THESE EVIL DOERS.

GOD, bring judgment upon all in America involved in this vile business of sex trafficking children and using drugs to control them.

It is TIME for THEE, LORD, to WORK — to DO SOMETHING— “for they have made void thy law.” Psalm 119:126.

GOD gave to the “power” (government) the responsibility to execute judgment against the evil-doer — Romans 13:1-6. We have let that power fall into the hands of VILE, PERVERTED CHILD MOLESTERS AND. WHOSE BETRAYAL MUST BE EXPOSED, AND THEY MUST BE LINED UP ON A CARRIER, TETHERED

TO A MILL STONE, AND CAST INTO THE SEA AS PER THE INSTRUCTIONS OF KING JESUS!

## **TPV report** **Bird Flu Vaccine Dangers**

In a disturbing revelation making waves in medical circles, a Gates Foundation whistleblower has issued a chilling warning. mRNA-vaccinated individuals are harboring dormant nanopathogens within their bodies. And these pathogens can be activated remotely through an 18 GHz signal on the 5G network. What happens when these nanopathogens lurking in every vaccinated body are activated? Cue catastrophic health events, ranging from sudden heart and brain failure to uncontrollable internal bleeding. Even more alarming, the whistleblower says the

recently developed bird flu vaccine is continuing where the COVID-19 vaccines left off. For those who've already been vaccinated, getting this new shot could trigger severe health issues, including, according to an insider, the terrifying possibility of defecating out internal organs. And now, with reports surfacing of strained [?] symptoms, like sudden heart attacks and unexplained bleeding, these claims are sparking real fear around the world.

The stakes have never been higher. The global elite, desperate and cornered after Trump's recent victory, are

[sic] reportedly preparing to run the same playbook, unleashing another lab-developed virus on humanity.

Here's Dr. Leanna Wen, the COVID-cabal's favorite agent of doom, seeding the fear-based narrative in the mainstream media this week.

INTERVIEWER: Dr. Wen, is bird flu in humans super dangerous?

WEN: Well, the World Health Organization estimates that in prior outbreaks of the bird flu, that [sic] the mortality rate is 52%. 52%! However, in this most recent outbreak, it seems that most cases have been mild, and maybe some people even have asymptomatic infection. But the question is, we don't know what happens when bird flu affects more vulnerable individuals. People infected so far in the US have been mainly farm workers who are working, presumably generally healthy, as opposed to what happens when you get to children, to pregnant women, to older individuals with chronic illnesses.

TPV: Here we go again. Another so-called virus, one so insidious that you might not even know you have it because the only symptom is no symptom at all.

For the record, during the COVID pandemic, Dr. Wen went on record stating that unvaccinated people had the right to choose to remain unvaccinated, **but they should not be allowed to go out in public ever again.** Some things don't change.

The COVID-cabal, including Leanna Wen, are sadistic psychopaths, and Bill Gates is still pumping millions of dollars into the creation of next-generation vaccine delivery systems and deadly pathogens.

For years, the mainstream media bent over backwards [sic] to debunk claims that Bill Gates has been developing bioengineered vaccines in GMO mosquitoes designed to deliver them to humans without consent. **But now, the New England Journal of Medicine, a leading medical**

**journal, has quietly confirmed that's exactly what he's doing.**

Make no mistake, the elites are running the same hoax they ran in the early days of COVID. Their playbook, lockdowns, 15-minute cities, fearmongering, and a fresh wave of mandatory deadly mRNA vaccines to counter a manufactured threat. Their ultimate goal? A drastically reduced global population, with the survivors transformed into a subdued, obedient human race, fully subservient to the whims of the global elite.

But a vast swathe of humanity has woken up, and it's just as well because experts are warning the new bird flu mRNA jabs are going to create a cytokine gut storm that will literally make the heavily vaccinated shit out their internal organs.

JANSI CHUN LINDSAY: My name is Jansi Chun Lindsay. I'm a toxicologist and a molecular biologist with over 30 years of scientific experience, including vaccine

development experience. Molecular biology is the study of DNA, RNA, and proteins, and I have a doctorate-level degree in this.

Three separate labs across the globe have now found that the mRNA vaccines, both Pfizer and Moderna, are heavily contaminated with the DNA plasmids used to create the shots in large volume [sic]. The contamination was found in every vial tested of eight vials by genomist Kevin McKernan, both the monovalent shots and the boosters. The contaminating DNA plasmids are designed to infect Ecoli, in which they are grown in large volumes. They are supposed to be separated away from the shot, and the code that's injected into you [as their presence —?] introduces DNA that is not allowed in the shots, and which increases the risk of genomic integration in anaphylaxis.<sup>14</sup>

---

<sup>14</sup> 1019.17.6-Anaphylaxis - Symptoms & causes - Mayo Clinic

In Pfizer vaccines, these DNA plasmids are found to be present at up to one third of the shot material, so this is not a slight contamination in the least. These DNA plasmids can infect the Ecoli in your gut and make your gut a perpetual spike factory.

An additional serious issue with the plasmid contamination is that they carry two antibiotic-resistant genes to [sic] kanamycin and neomycin. These are two major antibiotics that we use in medicine today. Kanamycin is used to treat tuberculosis, and neomycin is a broad-spectrum antifungal that most of us use in triple antibiotics. These are used in hospitals all over the country today, and we have many immigrants coming across our border that are carrying tuberculosis.

The potential consequence of this is that anybody injected with these contaminated shots could become antibiotic-resistant to those two major classes of antibiotic [sic] antibiotics.

Typically this type of contamination would get the shots pulled off of the market immediately.

MRNA is already being proposed to be used in cattle and is [now being] used, has been used in swine since 2018 without our knowledge and without our permission.

**Historically the genetic vaccines and the gene therapy had [sic] never been brought to market because of the severe adverse effects, including multiple cancers and lethal autoimmune reactions.** These issues had not been resolved when they rolled out this this genetic vaccine platform to billions of people. I know as a molecular biologist they had not been resolved.

We are asking for an immediate call, recall of these vaccines due to these significant dangers. The contamination of the shots and the adulteration of the shots, including the degradation of the mRNA which has also been found. The risk they pose to others through shedding and being passed on through the germline to the

next generation as inadvertent gene transfer. We are asking that the entire platform be banned in food, agriculture and especially for human use.

TPV: Military attorney Todd Callender has been fighting back ever since the elite posted the COVID mRNA vaccines on the world. He's been filing lawsuits and sounding the alarm on what he calls a deeply rooted agenda that's been in motion for years.

Teaming up with a dedicated research group, **Callender uncovered shocking evidence backed by thousands of whistleblowers pointing to a planned Marburg outbreak.** What's worse, the whole operation is already paid for by US taxpayers through last year's Prep Act. But here's the real kicker, Callender discovered that the lipid nanoparticles in mRNA vaccines contain dormant pathogens like Ecoli, Marburg, and even Ebola. And according to his research, these pathogens can be triggered by specific frequencies sent through the 5G

network, which by pure coincidence, was rolled out right around the same time as the mRNA vaccines. As Callender explains, these frequencies can unleash the pathogens in a highly controlled and devastating way.

Those pathogens are chimeric; they include Ecoli, Marburg, Epolostaphylococcus, and brewer's yeast, amongst others. We know that upon the broadcast from the 5G system that is now employed across the United States and the world for that matter, **when they broadcast an 18 gigahertz signal for one minute, three different times as a pulse, it will cause those lipid nanoparticles to swell and release these pathogenic contents, thereby causing a Marburg epidemic that they've already spent the money on.** It's already done, right? The Marburg epidemic, for purposes of the law, has happened, and now we just need the actual disaster to happen. **And there's [sic] actually worse parts to it than that, including the 1p36 gene deletion that effectively will turn those poor**

**people into zombies.** As hot [?] as that sounds, our government's preparing for that.

**Are the vaccinated unknowingly serving as human cyborgs for the global elites until a 5G signal flips the switch and ends their lives?** It may sound like sci-fi, but the evidence tells a darker story.

Studies show 5G signals can create electrical currents inside the body, causing measurable biological changes. Dr. Joseph Makhalu's research sheds light on the dangers of 5G radiation, and a 2022 peer-reviewed study confirms that cell signals can activate chemical payloads from graphene oxide introduced through mRNA vaccines. What once seemed like science fiction is now an unfolding nightmare for the vaccinated. These threats come with devastating health consequences, heart attacks, strokes, turbo cancer, and cytokine gut storms, to name a few.

According to a Gates Foundation insider, the bird flu mRNA vaccine is set to unleash even more horrors on an

unsuspecting public. We've got the details after this important word from our sponsor.

COMMERCIAL: Today's sponsor is [pillsforever.com](https://pillsforever.com). If you think Big Pharma have your best interest at heart, think again. Under Biden, the price of medicine in America has skyrocketed and there are certain medicines Big Pharma don't want you to know about. That's why I've partnered with [pillsforever.com](https://pillsforever.com). All of their FDA-approved medicines are the cheapest you'll find anywhere. More importantly, you can order medicines that Big Pharma don't want you to have, such as ivermectin, hydroxychloroquine, and venbendazole. Speaking of venbendazole, not only does it get rid of parasites that live inside your body, there have been studies that show venbendazole can help with cancer. Listen to this testimony of Joe Tippins, a cancer survivor thanks to venbendazole. Two years ago, Joe Tippins says he was told to go home, call hospice, and say his goodbyes. The doctors were unanimous. He was going to die of small

cell lung cancer. Once that kind of cancer goes that far afield, the odds of survival are less than one percent and the median life expectancy is three months. Tippin says he got a tip, not from a pharmacist, but a veterinarian, and in his desperation, he turned from people medicine to dog medicine, specifically venbendazole. My insurance company spent 1.2 million dollars on me with traditional means before I switched to a five-dollar-a-week medicine that actually saved me.

TPV: Chilling discoveries about vaccinated corpses reveal that something changed dramatically after the 2021 vaccine rollout. Investigators now reporting that **these bodies emit detectable radio frequency waves, a revelation that raises more questions than answers. If**

**this sounds like science fiction, think again. Microsoft holds patent 6,754,472 titled "Method and Apparatus" for transmitting power and data using the human body.** It's the stuff of dystopian nightmares when you stop to think about it.

Did anyone ask you if you were willing to hand over the exclusive rights of your own body to Bill Gates? Of course, the answer is no. Just like nobody asked the owners of the bodies, now **six feet under and still emitting radio frequency signals detectable with a handheld spectrum analyzer.**

**PERSONS EXPERIMENTING WITH GETTING READINGS FROM A GRAVE SITE:** Look guys, we're gone in 2021. It's a wild guess why but we're running binary codes here guys. Get up, get away from me. 2022 guys, binary codes up the ass right there. **There's information coming out of the graves guys.**

**TPV:** For years, we've been sounding the alarm. If the COVID cabal isn't held accountable for their crimes, they will repeat the hoax, and this time with even graver consequences.

But here's the good news. This time people are awake. The masses won't allow the cabal to lock us down again or force experimental toxic vaccines into billions of arms. The era of fear and blind obedience is over, and the COVID cabal knows they're about to face the wrath of the people.

SOMEONE IN CANADA APPROACHES TRUDEAU: Mr Prime Minister. Please get the f\*\*\* out of BC. TRUDEAU: Have a wonderful day, Mam. CANADIAN: Yeah, you suck

We've already witnessed what the new world order can do with the virus that has a 99.99% survival rate. It was the classic playbook, problem-reaction solution. They manufacture a crisis, provoke mass fear and outrage, and then swoop in with their pre-planned solutions. They've done it before and as the Gates Foundation whistleblower

warns, if we're not vigilant, if we keep falling for their lies, they'll do it all over again.

WITNESS: What I'm about to say could cost me everything. My career, my reputation, even my safety. But it needs to be said because silence in the face of this horror would make me complicit. You've been told that the new mRNA bird flu vaccines are a triumph of science, a beacon of hope for humanity. But I am here to tell you the truth.

**These vaccines are not a cure. They are a catastrophe waiting to happen. During the trials we witnessed devastation unlike anything we'd seen before. People didn't just get sick, they died. 11 lives were lost and countless others suffered horrific side effects.** But you won't hear about this on the news. And do you know why? Because the man funding this very foundation, the man who bankrolls these vaccines, he also funds the media outlets that shape what the world knows or, rather, what it doesn't. The truth has been buried not because it isn't

catastrophic but because there's simply too much money at stake. Billions have already been poured into the creation of these vaccines. Failure is not an option for those pulling the strings. Even as they know these injections are a disaster, they push forward. Even as the consequences become undeniable, they move ahead.

Let me be clear, these vaccines are not what they seem. Encased in those lipid nanoparticles are dormant pathogens. Pathogens engineered to destroy the immune system from the inside out. **When they are activated, and they will be activated, they will unleash a biological apocalypse.** I'm talking about immune systems collapsing and people expelling internal organs in what can only be described as gut storms. **A horrifying deadly cascade triggered not by a natural disease but by the very solution they sold to you as salvation.**

But here's the cruelest part. The fallout won't be blamed on the vaccines. The architects of this plan already have

their scapegoat. **They will point to some new emerging threat, some new virus, or perhaps even the bird flu itself.** They'll blame anything and everything except for the real cause. The cycle of lies will continue as global health is systematically destroyed from the inside. Global health czar, my ass. This isn't about saving lives. This is about control. It's about creating a world where you are dependent on their solutions, even as their solutions destroy you. But I refuse to stay silent. I refuse to let this atrocity unfold without a fight. You deserve to know the truth, even if it's hard to hear. And now that you do, it's up to you to demand accountability, to demand transparency, and to stand against this machine of deceit before it's too late.

Let's be clear, the poison isn't for the elites. It's for the brainwashed masses, the people they see as disposable. The elites don't take these shots, and they know exactly what's in them and avoid them entirely. These vaccines are

not protection. They're weapons designed to weaken immune systems, create chronic illnesses, and destroy health under the guise of safety. It's a calculated game. They create the problem, stoke the fear, and then sell the solution, a cycle of deceit that keeps the public sick, dependent, and obedient.

This isn't just about money. It's about control.

In Spain, apparently, there is, there was an investigation by the federal police, and they caught a bunch of people in, I guess what would be like a vaccine passport sting. This is a shocking headline. It's really incredible. Listen to this.

**Big Pharma boss caught faking his COVID vaccination status, injected himself with salt water, instead now facing criminal charges.** It says police have charged **Jose Maria Fernandez Sosafaro, the president of European pharmaceutical behemoth PharmaMar,** with being falsely vaccinated against COVID-19. Dr. Sosafaro is embroiled in a European controversy involving

individuals, many of whom are well-known figures, being added to the National Immune Registry in exchange for large sums of money. **Dr. Sosafaro is among more than 2,200 celebrities and European elites on a list drawn up by the national police of those falsely vaccinated against COVID.** According to El Mundo, that's the newspaper reporting, Spanish police carried out the investigation called **Operation Jenner**, which uncovered **the vast network of celebrities and elites who have paid money to have their names fraudulently entered on the National Immunization Register, despite refusing to be vaccinated.**

And it says here, this is the kicker, according to the police who are investigating the 2,200 false COVID-19 vaccination certificates, **the fee was dependent on your social standing.** The more important you were, the higher the price you paid. You gotta wonder if that's going on in other countries like the United States. Yeah, I mean, how

many professional athletes, you know, had a doctor squirt a vaccine into a trash can? You know, how many people in power?

I've even heard inside sources, inside CDC, FDA, you know, saying that, you know, they're cheating in here.

TPV [?]: Now here you have a guy that works in the pharmaceutical industry, so he should know if anyone's going to know what's going on there, and this guy's paying a fortune in order to keep from putting this thing in his body.

If you haven't gotten that injection, if you don't have that, you know, serum running through your veins, are there machines that are going to detect that? You know, are we going to have a dye or something that appears in everything? All this has been discussed, all these thoughts are out there, and those technologies are being worked on as we speak.

Right, how many of these people, the 2,200 celebrities and elites, as they say in this article, how many of these people were on the front end pushing this through, you know, PSAs or through commercials or pushing it because they're a sports celebrity? And then on the back end—the hypocrisy of this is just, is jaw-dropping. It's one rule for me and another for thee.
