UPDATE ON THE J6 HOSTAGE RELEASE / WHY WE NEED RFK /

HOW DOGE IS THE HAND OF GOD

Original Air Date: 02.14.25

Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in Santa Maria, CA, and your brain masseur. Get ready for your brain massage.

Happy Valentine's Day.¹ I produce the show on Friday and it happened upon Valentines this year. I'm looking at my wife's card as I prepare the show. It says, "I love the man you are." She knows I like M&Ms peanuts but can't eat them. So she found some Russell Stover chocolate candy coated peanuts made with stevia! Can't wait to post the show so we can enjoy an evening out! By the way, I do have an article I linked in my notes you might find interesting regarding the historical background of Valentine's Day. If you thought. you knew the story, think again!

N-&-Out headquarters moving to TN.

I know Trump pardoned the J6 prisoners, over 1500 American Patriots that were unjustly deprived of their liberty in the Pelosi/Schumer/Biden/Obama scheme to frame Trump for their insurrection. I know many have been freed. I also know some have not. What I don't know is how many are still languishing in prison in defiance of the legal pardons, or why! Update on the J6 hostage release.

DNA contamination exceeding the FDA-approved limit by 6 to 470 times has been found in Pfizer's mRNA COVID jab. The research

Progress report on Trump's assault on the Deep State: Border,³ price relief beginning at the gas pump,⁴ and DOGE bulldozing through the Deep State truth barriers—exposing all the lies.

Europe is slipping into Tyranny.⁵ Why is it harder for Europe to shake of the darkness than for America? JD calls them out.⁶ Interesting prophetic implications here.

I think Zelensky wants to keep the war going! He is a murderer, gathering plunder out of the blood of Ukrainians: at the last minute, he reneged on his deal with the US regarding rare earth minerals, and now, some are suspicious he orchestrated a false flag drone attack on the Chernobyl nuclear plant to blame Russia.^{7 8}

I know Trump pardoned the J6 prisoners, over 1500 American Patriots that were unjustly deprived of their liberty in the Pelosi/Schumer/Biden/Obama scheme to frame Trump for their insurrection. I know many have been freed. I also know some have not. What I don't know is why are some J6 hostages continuing to be held in the Biden Gulag!

Fedsurrectionist Mike Pence opposed pardons for the J6 hostages—he said he had literally prayed Trump and Vance would “honor their oaths when they take office.”⁹ Hmmm! I guess we can be glad at least that God answered his prayers—too bad Pence did not pray about his own fidelity to the Constitution. Trump and Vance are doing exactly that — they are keeping their oaths of office to protect the Constitution against all enemies, which includes domestic insurrectionists like Nancy Pelosi, who had a chat with Mike Pence, in the garage under the Capitol on the fateful day of the Obama led Coup—take a look at this article and tell me what you think.¹⁰ Were they working together?

You might not remember the facts about Mike Pence's defection against, and his obstinate disregard for the Constitution. As VP, he moderated the Electoral College and presided over that proceeding. The fact that the VP is charged to “certify” the results obviates a requirement to exercise due diligence in the certification. The FACT is five swing states, and I think a total of 88 State legislators formally, in writing, asked the VP for time to address some serious questions that were raised concerning Election fraud.

REMEMBER THIS! Mike Pence was asked by 88 state legislators from FIVE battleground states to postpone opening and counting

the Electoral College votes for 10 days, while they investigated substantial allegations of fraud.¹¹ PENCE REFUSED, pretending that he had no choice—that the Constitution requires him to certify and that he had no power to intervene or delay the count until all the States were content their delegates were properly assigned.

Pence pathetically abdicated his responsibility to UPHOLD THE CONSTITUTION, the INTEGRITY OF OUR ELECTIONS, and refused to yield to STATE REPRESENTATIVES who recalled their delegates. You, Mr. Pence, are the one who violated your oath of office. If you idiots thought yourselves protectors of the Constitution, you would bend to public outcries against fraud and do all in your power to answer to the PEOPLE!

DID you forget, Mr. Pence, Pelosi, Schumer, Schiff, the Mayor of DC who was in on this, all of the players involved in agitating the protestors, the FBI traitors who planted a bomb at the DNC headquarters, and guys like Epps, FBI plants who agitated riots — THE CONSTITUTION DOES NOT BEGIN WITH WE THE GOVERNMENT, IT BEGINS WITH “WE THE PEOPLE.”

AND A LEGITIMATE, SUBSTANTIATED QUESTION WAS RAISED WHETHER OR NOT THE ELECTION RESULTS YOU WERE GOING TO CERTIFY WAS THE VOICE OF THE PEOPLE — OR THE VOICE OF THE DEEP STATE TRAITORS.

So Pence “prayed” Trump would not release the J6 political hostages he helped imprison because he forgot about WE THE PEOPLE.

Well, WE THE PEOPLE have risen and now it's time for justice.

We are TAKING the sword of Romans 13 out of your hands, and we are putting it into the hands of Trump, and he is doing exactly the bidding of THE PEOPLE.

Now the J6 hostages are being released

Jake Lang, a former J6 prisoner, was released and he is not willing to leave his fellow hostages behind.¹² He does not want us to forget those the Deep State are refusing to release.¹³ ¹⁴ He names Daniel Ball, Darrell Neely, and Taylor Taranto being kept in the DC Gulag.¹⁵ In Pike County Detention, Kentucky, he names Dominic Box, Jeremy Brown, Daniel David, Andrew Grigsby, Theodore Middendorf, and Jason Tasker. [IBID] Edward Kelley in Blount County, Tennessee. Benjamin Martin here in California. And one has been moved to Canada: Antony Vo. [IBID]. Here is a picture of some of these.¹⁶

At least one was turned back by US Marshals for charges that are only related to the J6 issue because these crimes were “discovered” while the treasonous FBI raided his home looking for evidence — who, according to Retired Special Forces Master Sergeant Jeremy Brown,¹⁷ was the victim of an illegal search warrant and FBI frame

job. It is unclear whether the Pardon extends to these other charges. Jeremy calls: De Oppresso Liber — To Free From Oppression!

Some who were ordered to be released were not released on a pardon; their sentences were commuted, or if they had not yet seen a judge, the President ordered their charges to be dropped. These are not processed as a Pardon, which is more straightforward—that is, unless you are a Retired Special Forces American hero—then, well, that requires special punishment!

Pray for our J6 hostages, that they will not be forgotten. WE THE PEOPLE, WILL NOT FORGET!

And we won't forget what the wicked and unreasonable children of disobedience have done to Medicine in America. Fauci, Birx, Pfizer CEOs, Moderna CEOs, and all in those companies who are complicit in the cover up — WE THE PEOPLE WILL NOT FORGET. Your judgment is coming! Just like your Nazi predecessors, “I was following orders” is not going to cut it! You have a SPACE TO REPENT! Come clean now and tell the truth, the whole truth and nothing but — grab the nearest whistle and blow!

DNA contamination exceeding the FDA-approved limit by 6 to 470 times has been found in Pfizer's mRNA COVID jab. The research was done in an FDA laboratory under the supervision of FDA scientists Drs. S. Liu, P. Selvaraj, and Wang.¹⁸

So, here's the thing. Unsurprisingly, Pfizer calls foul and declares the studies “misrepresent” their product. Meanwhile, 1. they do not deny the studies that show the contamination, and 2. they totally ignore the fact that since their shot rolled out, cancers have increased dramatically, and inexplicably. So, when our new Secretary of Health, RFK was asked about the wide spread rumors that these COVID-19 mRNA vaccines have caused an exponential

¹⁸ 1025.17.2-Fact check/ High School Kids find DNA contamination in the jabs <https://firstfactcheck.substack.com/p/fact-check-high-school-kids-find>

increase in cancers, RFK clarified the problem: we don't have good data to make any solid determination — but then he added, “and that's a crime.”

He said, “We don't have good data on that, and that is a crime.”¹⁹ “We don't have a surveillance system that actually works.” In 1990, HHS (Health and Human Services) launched the Vaccine Adverse Events Reporting System (VAERS) that was supposed to help them track injuries related to vaccines.²⁰ RFK explained that in 2010, CDC conducted a published study of that system, and they determined that it captures LESS THAN 1% OF VACCINE INJURIES. No, listen to this: “Congress has repeatedly, and the National Institutes of Medicine (Health), and National Academy of Sciences have repeatedly ordered CDC to put together a better adverse reaction System”²¹ — but it has not been done. CDC is NOT interested in a faithful system for tracking adverse reactions to vaccines! THERE IS NO OTHER WAY TO ACCOUNT FOR THIS. It's not their priority. Pushing vaccines is their priority. And that's because they have been corrupted by BIG PHARMA MONEY!

It's follow the money honey!

Which is why they set the limit for DNA fragments in the vaccines at a level many in the “industry” consider is absurdly high — 10 ng (nanograms). I assume that's per ml, or milliliter, which is the standard for drug testing cutoffs. That's the toxic level of dope in your bloodstream. That's likely why some experts believe that is a ridiculously high cut off for DNA debris in the vaccines they pump into your blood with their jabs.

¹⁹ <https://x.com/BoLoudon/status/1890212801609887934> See Interview Here!

²⁰ 1025.17.0-VAERS - About Us <https://vaers.hhs.gov/about.html>

²¹ <https://x.com/BoLoudon/status/1890212801609887934>

Yeah! Many think the 10 ng cut off for mRNA jabs is “illogical”: “The DNA in the mRNA injectables is being transferred straight into the cell and could easily be integrated into the human genome, particularly since the SV40 promoter has also been found in the jabs, which allows foreign DNA to be integrated into the human genome.”²² Yikes!

But this study, by high school scientists, supervised by adult FDA scientists working in an FDA laboratory, found that “these authorized vaccines do contain residual DNA to a level that exceeds 10 ng per dose.” [IBID]. The paper also pointed out that these students found replication-competent plasmid DNA in two of four vials of “experimental mRNA.” [IBID.] Subsequently, they examined 2 separate lots of Pfizer COVID-19 mRNA and found none. Think about it! They found a disturbing percentage, 50%, of the vials had replication-competent DNA — that would be living DNA. They are given two separate lots to evaluate and find NONE!. What a fluke was it to obtain four vials where two of them had this contamination and then two lots have none — supplied by Pfizer, right! Right!

Now, this study tells us the levels of contaminants in the Pfizer COVID shots far exceed the CDC limit of 10 ng. In fact, they found it exceeds that standard by 6 times. And the range is from 6 to 470 times. Some of these shots are pumping 470 times 10 nanograms of junk DNA — considered a contamination, 4,700 nanograms of DNA contamination — I’d say that’s a problem!

The kids suggested that perhaps if Pfizer, et al, took greater pains to control the contamination content of their shots they might recover some public confidence in their product. Ya Think?

I’ll need to conclude this segment. Here you go, from Wyatt: what is your favorite fact about the COVID-19 vaccine? 1. You can still

²² <https://firstfactcheck.substack.com/p/fact-check-high-school-kids-find>

spread the virus, 2. no true immunity, 3. 10-15% reaction rate, 4. increased HIV risk, 5. Bell's palsy, 6. anaphylaxis, 7. dropping birth rate, 8. blood clots, 9. Myocarditis, 10. Compromised immune system, 11. sudden death syndrome, 12. no manufacturer liability, 13. still have to wear a mask, or 14. all of the above.²³

“Well, that takes care of that” said Trump after he signed an Executive Order withdrawing Federal funding from any public school that mandates COVID shots.

Hold on, I'll be right back!

Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse, your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church belfry arch, signaling the enemy is on the march, an enemy that would steal from us our liberty.

Progress On Trump's assault on the Deep State: Border,²⁴ price relief beginning at the gas pump,²⁵ DOGE, bulldozing through the Deep State truth barriers—exposing all the lies.

We've prayed for this day! GOD expose to the American people the truth about our government — and He has heard us. I preached a few messages leading up to this dawning of a new day in America explaining a lot of things. Among them, the fact that God always exposes the evil of the kings, the princes, the priests, prophets and people before He drops His wrath upon them.

Among these messages, I preached from Ezekiel where GOD said to Ezekiel, when God took him by a lock of his hair and carried him to where the evil princes, priests, and prophets hid their idols — covetousness is the sin of idolatry, the love of money the root of all evil is the idol, Mammon, this is the idol Pelosi worships, and Schumer, and AOC, and Schiff, and Pfizer, and Fauci, and the list is long — but these priests of the god of Mammon worship at the altar of their covetousness. That’s what God showed Ezekiel and through His faithful prophet, it’s what He showed to me.²⁶ God exposed their many abominations then said, “turn thee again, and thou shalt see greater abominations.” God took him to the house (The White House, the Capitol House, the Houses of Government, the House of GOD - the church), and He pointed out a hole in the walls, and instructed the prophet to dig in the hole. He dug and found a hidden door. God said, open the door, look inside. Ezekiel went in and saw such abominations as would make P. Diddy flush and Epstein excited — and Podesta was there! And Abramovic, and other witches and whores and whoremongers — Ezekiel saw such things inscribed upon the walls in their hidden rooms that would embarrass even the most vile among us!

We have not seen it all yet! But be prepared! The Epstein files will soon be opened to the public and the truth about these evil people using the government of the People to traffic children and women, and the work they’ve done to make slaves of us all!

DOGE investigation forces Congress to admit the very long and evil history of financing the enemies of America — Read this article, listen to this interview.

Our former princes, and priests, have been taking the living of Americans and using it to fund Al-Qaeda, the Taliban, ISIS. See it here.²⁸ CIA and Massad funded 9-11. Our Enemies' strongholds have been supported by your tax dollars, behind your back — by Deep State Bureaucrats arrogantly dismissing the Constitution — USAID has been sending millions of dollars a month to Taliban in a wicked money laundering scheme, funding ISIS with billions being paid to our enemies.

Get a load of this. Our American mothers get a Gold Star to place in their window—want to know what the Taliban mothers get when their sons and daughters are strapped in explosives and sent to kill our soldiers? Millions of your tax dollars go to these mothers to support them for their “service.”

Meanwhile, we have a President and a majority, albeit a thin one, in both houses, and enough common sense Judges on the Supreme Court to hope we can reverse this mess. But is it ONLY because the American people have risen up to throw off the oppressive shackles of the unreasonable and wicked in our land.

Promoting or endorsing, or coddling the perverted and confused trans culture is suicide, for them, and for us. Stop it! BFO! Blaspheme, and FIND OUT!

The reason Europe is crumbling while America is getting its legs back is because, first, we have a more solid foundation in our Christian heritage and founding documents — and second, as weak as the American church is today, and it is weak — Christianity continues to be stronger here than in almost all of the European countries.
