THE SPEECH THAT ROCKED THE WORLD / THE EPSTEIN FILES -
THE LYNCHPIN OF DEEP STATE CONTROL IN OUR GOVERNMENT /
AND WHAT'S REALLY GOING DOWN WITH UKRAINE?

Original Air Date: 03.08.25

Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in Santa Maria, CA, and your brain masseur. Get ready for your brain massage.

Secretary of State, Rubio, has been revoking visas for visitors participating in criminal pro-Hamas riots.¹ Hallelujah!

Jim Jordan crafts Bill requiring birth-citizenship for Congress! Here are some reasons for this action: Illhan Omar, Tlaib, and this jewel:

CA Councilwoman flips out when her illegal alien husband with an extensive criminal record is arrested for deportation.

Fani keeps getting her fanny fanned: She was ordered to pay Judicial Watch 20 million in legal fees and to produce the rest of the "J6 collusion documents" — the ones that show she and the Pelosi J6 Committee were in collusion to attack a political opponent..

She was sued by Judicial Watch for records proving she was in communication with Pelosi's J6 Committee when prosecuting Trump for alleged election interference—suspicious they were coordinating their political attack on Trump. She has been ordered to produce the correspondence between her, her office, and Pelosi and the J6 Committee.

Democrats gather around censured Representative Al Green—the guy who shook his cane at Trump screaming obscenely during the Joint Session’s speech and sang, “We Shall Overcome.” How ironic that the party who sang that song protesting war now sings it to protest peace. The Democrats have become what they have traditionally hated.

What did Green say?² “This president is unfit. He has no mandate.” He explained Trump’s “repeated claim to have a mandate” but that he has no mandate to cut Medicaid. Trump is cutting off all of those 130-year-olds that are on the Medicaid rolls. That’s what triggered him. The Republicans had a song for Green as he was ushered out — “Nah nah nah nah, Nah nah nah nah, Hey hey hey — GOOD-BYE! The Demented Dems are trying to say Trump is cutting Medicaid. They can’t stop lying. It’s all they’ve got—Lies! Notice how these “protestors” ignore House rules and actually obstruct the business of the House — and are UNPUNISHED! What was J6 about? But these are representatives and have a right to gather in the House to protest — RIGHT, AND THE PEOPLE DON’T! And that’s the point!

The Dems have been busy: voted to keep men in women’s sports, against tax cuts, obstructing DOGE from cutting fraud and waste, sued to stop deportation of criminals here illegally, and are actively promoting WWIII.

On the menu for today:

The Epstein files drama continues — what’s holding up the release of the incriminating evidence?

Will NATO survive? The realignment of nations and biblical prophecy.

What has happened to Amy?

DOGE progress and problems?

Okay, my friends — it's time for your Brain Massage®:

[TRUTH]

The Epstein files saga continues: first, “the files are on my desk,” then, oops, turns out we only got what might embarrass but nothing that will incriminate—the incriminating evidence was hidden by the now FIRED head of the FBI NY Office, James Dennehy — who was escorted by FBI agents from his FORMER office surrounded by weeping supporters to a bagpipe ceremonial exit —

Did you know this guy had sent an email to the resistance under his command to “DIG IN” when the PEOPLE decided TRUMP should be his boss — clearly meaning to oppose the PEOPLE’S elected President — and apparently all of these pictured here are supporters of obstructing the will of the PEOPLE by defying the direct and Constitutionally empowered orders of a duly elected President! Let them protest his firing by their resignations!

This guy, with their support, “hid” the incriminating part of the Epstein files.³ Fired is not good enough!

When these sorts of Globalist-Deep State moles get found out, their globalist “masters” cover them with promotion in the civilian sector.

³ 1028.223.1-DC_Draino on X/ "This scumbag violated a direct order from the President & HID THE EPSTEIN FILES, so his colleagues gave him a parade after he was fired?! We got a lot of cleaning out to do Fire everyone involved in this parade Fire everyone that helped hide the Epstein files Enough is enough" / X https://x.com/DC_Draino/status/1897835347255689333

Any public official that holds an administrative level office with security clearance and disobeys a direct order coming down from the President must face jail time and fines equal to whatever their Deep State supporters have used to buy their allegiance away from the American People whom they have betrayed! This should be accompanied by a ban from holding any public office in perpetuity.

But I'll be generous and say FIRED IS GOOD ENOUGH for every single federal employee that supported their leader's traitorous actions—such employees cannot be trusted to carry out the people's business.

Hey Kash, You've got the list, cash 'em out — FIRE every one of them. They may or may not align with our President politically, that's their business; but they sure as Heaven had better line up under THE PEOPLE! If J6ers are put in Jail for obstructing the business of Congress, every one of these must be fired as accomplices in obstructing the business of the PEOPLE! We. Want. Those. Files. Get it!

Now, Bondi tells us the files are being examined and will be released REDACTED.⁴ Some are questioning whether Bondi has been bought out. Man, we are so jaded that we are ready to pounce on the slightest hint of our government officials letting us down—be patient.

Here, look at the interview with Hannity where Bondi explained the redaction issue [IBID.].

We've expected and supported redactions that protect innocent victims; I floated my willingness to accept using the material to gain evidence from those named on the flight log or client list who did not commit crimes against minors, if they go states evidence to

⁴ 1028.23.2-Shadow of Ezra on X/ "Attorney General Pam Bondi announced that the Epstein files will be redacted due to national security concerns. Why do the Epstein files need to be redacted for national security? <https://t.co/M1ILW89ZZC>" / X <https://x.com/ShadowofEzra/status/1897693800992047498>

help us convict the criminals who did abuse minors—looks like we already have that evidence. Good! Use it to file charges against these criminals. Pull the lynch pin — I don't care what Republicans or what Democrats are implicated in this — Americans deserve JUSTICE for all victims, including U.S.

Hannity offered “national security” as a legitimate concern in deciding what should be redacted! Hannity doesn't get it! We are “up to here” with the “national security” ruse. Every imaginable and unimaginable crime has been hidden under the cover of “national security.” Even assassinations: JFK, RFK, MLK, and attempts on DJT. Bondi seemed to be appropriately sensitive to that, but agreed that “national security” would be a concern — but that raises the question DC Draino brought up — WHAT COULD POSSIBLY BE BURIED IN THE EPSTEIN FILES THAT WOULD “COMPROMISE NATIONAL SECURITY”? Someone explain that to me?

If they are going to “protect” wicked leaders in this country or any country for fear of compromising national security, then what? Epstein was a CIA asset operating on behalf of the alt-American CIA, and the exposure of this will — will what? This sort of thing always becomes a hot house for growing conspiracies.

Let's start the conspiracies, shall we? Is Trump compromised by incontrovertible evidence that could be used by foreign powers to control our President? Like we have not already been the victims of that before, right, Mr. Biden! I'm not saying this is my suspicion; I think Trump is totally clear of such wrongdoing. But I do believe nefarious wicked people could and would create AI-generated deep fake videos and use the time bought by the “resistance” to plant it in the Epstein files to implicate Trump or otherwise to undermine the MAGA movement — does anyone think that's too far-fetched? That's the problem with a redacted release—at this point, WE DON'T TRUST THE GOVERNMENT. We've been the victims of

too many “great guys and gals” going into Government to do the Mr. Smith in Washington thing, only to become intoxicated by the “power of the dark side” and do the Benedict Arnold thing instead.

This latest act of Deep State obstructionist routine is an example of why we are concerned about redactions without concrete meaningful assurances we are not being “had” again!

Bondi carefully assured us that whatever is redacted will remain in the record and will be flagged with an explanation for why it was redacted for public distribution. But what does that tell you? It tells you that the information is actionable, apparently against high-level leaders presently in our government or foreign world leaders and I want assurances that TRUMP AND TEAM WILL NOT ALLOW CHILD RAPING PREDATORS TO GET AWAY WITH THEIR CRIMES.

King Charles gets no protection! Is Macron on the list? He gets NO PROTECTION. Is Fauci on the list? How about we get complete disclosure and full transparency of WHO HOW it would be a national security risk requiring us to do what Dehenney, and possibly justify his actions who did and HIDE the incriminating evidence — and how about this, if there is incriminating evidence, then AG Bondi INCRIMINATES them on the evidence. Well, what happens to “national security” if justice is actually finally served?

Is all of this going to break down Trump’s resolve to have a truly open and transparent government?

Okay, let’s take a short break! I’ll be right back!

Segment.02 Hello. Welcome back! I’m Dr. Jerry Scheidbach, pastor at the Lighthouse, your brain masseur, and Paul Revere’s lantern lighter, lighting the lamps in the church belfry arch, signaling the enemy is on the march, an enemy that would steal from us our liberty.

I am deeply grateful to all of you who have called 1-805-314-2114 to encourage me and some to chide me. I am grateful for all who take the time to reach out to me. Our listener response hotline is 1-805-314-2114. I'll repeat the number in a moment. When I first started in radio, I did the show live. At that time, it was novel to hear a preacher talk about politics on so-called secular radio. Once, I got all excited about a point I had made and said, "That should get the lights on out there." Several called in with a message for "the pastor" that the Lights were on. One driver called in saying he was turning on his car lights, on and off, to signal — LIGHTS ON! From then on, I often asked my listeners to call in and register LIGHTS ON or LIGHTS OFF — I am accustomed to speaking to live audiences and appreciate the feedback! So, when you hear something you found helpful, or appreciate, or want to correct me on something — by all means, give me a call at 1-805-314-2114.

One of those who called last week, as you were hanging up, I think I heard someone in the background ask, "Did you ask for the book?" You can call back and don't be shy about any offer I've made — through Easter, I'm offering anyone who calls and asks for it a free copy of a book I wrote titled GOD'S WAR — it's a beautifully covered, smith-sewn bound book of over 400 pages (large print, by the way) with additional appendices and a full index, I sell this book from my book table at meetings for \$20, you can buy it online for 22.95 plus shipping, or the ebook version for 9.99 from wherever, Amazon, etc. But through Easter, you can have a physical copy mailed to you, shipping and book free if you live within the reach of this radio station. If you get this message from our podcast and you live outside our radio signal, you'll be asked to pay shipping, but you can have the book for free. Call 1-805-314-2114, tell me you want the book, and give me your address. If you prefer, you can go to our Brain Massage website, at brainmassage.net, and use the contact us email response form to give us your name and

shipping address — but be sure to mention God’s WAR, or say, please send the book. This is good through

Three major takeaways from Trump’s speech to America and the world. Here is the official White House released transcript of the President’s speech.⁵ It might be summarized in his opening remark: “And to my fellow citizens, America is back!” [IBID]. And he did not mean that in the way Biden did — Biden meant Alt-America is back in the dirty back room business of the Deep State serving the interests of the crooks and political criminals of elite European style corruption. Trump meant America as founded is back for the American People.

The message to the American people — YOU HAVE A PRESIDENT! We have not had a President who loves America as founded, and who was not involved in the effort to transform America into some godless secularist globalist humanist Nimrod dream of a one world government aligned against GOD for so long —it felt really good to hear our President stand for the American people at last. There are so many highlights to point to that it would be impossible to mention them all here without literally repeating the entire speech. So I have attached a link to the official transcript.⁶

His message was clear, and message number one was this — AMERICA IS BACK! American freedom of speech, of assembly, of the right to express our grievances, freedom of conscience, and of the press — a true freedom of the press unadulterated by political interference—Zuckerberg, Dorsey, the 268 million earmarked by a corrupt Congress for “independent media and the free flow of

information.”⁷ Right! The government hires journalists to protect the “free flow of information.” Well, no thanks! We’ve seen what the “government” does when it has its hands in the “flow of information.” Truth gets dammed, and government-controlled propaganda flows freely. All of you “Reporters Without Borders” can do one of two things: get a real job so you are publicly wearing a brand that identifies you for all to see, or submit your articles to magazines like the New York Post, or perhaps to FOX News, or better yet, pass them through Tucker, or Bongino’s outfit, or Bannon, or Beck — but no more “coded” funding from “government.” The cover has been blown; the “fig leaves” won’t cut it! We are not in need of the services of government-funded media! PERIOD! If there was ever a “SEPARATION” doctrine it should be right here — A COMPLETE SEPARATION OF GOVERNMENT AND MEDIA.

Included in the MESSAGE to AMERICA was the behavior of the Democrats during the speech. It’s been pointed out, but it bears repeating incessantly until the people who still support Democrats are made ashamed of them and themselves. They sat there like toads, puffed up on their stools — refusing to support a 13 year old cancer survivor whose dream is to become a police officer or the family of Laken Riley whose suffering at the hands of Biden’s open border policy is unfathomable — yet these wicked myopic political zombies could not look for one moment beyond their own hatred for the American people and share in a single moment of shared humanity to regard the hopes and aspirations of a cancer survivor and grieve with a family whose daughter, and sister, was lost to the vile appetites of a wicked attacker allowed in this country by their own policies —

⁷ 1028.37.1-USA_ Trump’s foreign aid freeze throws journalism around the world into chaos _ RSF <https://rsf.org/en/usa-trump-s-foreign-aid-freeze-throws-journalism-around-world-chaos>

LOOK AT them, America! See who these people are and don't forget — not one of these people deserves to be in office and should be voted out in 2026. The Message to America is that you have a President who loves America, and every blue state has representatives who DO NOT LOVE AMERICA OR AMERICANS. They are full of hate! And, by the way, that's always connected with greed. A passion for war is driven by greed, a hatred so deep it stifles the simplest expressions of humanity is always, mark my words, always rooted in GREED, a LUST for POWER and a LUST FOR ILL-GOTTEN GAIN.

And that's part of the message to the Demoncrats (which term includes Dems and RINOs): Judgment day has come. DOGE is digging in your dirt and overturning all sorts of places where seriously poisonous bugs have been hiding for decades. Soon, the lynchpin of espionage corruption will be pulled — the Epstein files will be opened to the eyes of those empowered and backed by the American people to apply the sword of divine vengeance to execute wrath against the evil doer.

Listen to Representative Tim Burchett, TN,⁸ opens up a can of fishing worms for Trump, DOGE, AG Bondi and FBI Director Kash — says he is willing to lose his job to tell us the real reason government officials are opposing Elon Musk and DOGE: “They're gonna push back because you've got Congressmen on both sides of the aisle. If they follow that paper trail, it's going to come back to them. You've got their wife and or girlfriend that works for some agency, quasi-agency or some business. This town [is] as crooked as a dogs leg. ...”I'll probably get primaried for saying that but that's

⁸ <https://burchett.house.gov/>

the truth, and we all know it. ... Somebody's gonna straighten it out; it looks like it's gonna be Elon Musk.”⁹

Then there is Trump's message to the world: AMERICA IS BACK! And she is going to insist on being treated fairly in economic trade, and International alliances. America is for peace, although when our President speaks, they are for war!

JD Vance asked the European Union an important question: we are aligned to defend each other, but Americans are beginning to ask, what are we defending? We are all in for defending fellow nations that embrace the fundamental freedoms outlined in our Bill of Rights, the essential Human Rights endowed to all mankind by our Creator — but if Europe is going to cave in to pressures leading to a concession to the very evil we joined together to resist in WWII, what are we defending in this alliance?

King Charles hosts Islamic Prayer at The Royal Family Home of Windsor Castle — okay, so UK formally celebrates Ramadan — not our thing — I mean, it was Obama's thing, but it's not America's thing. But here is the rub: at the same time, UK Police are arresting Christian street preachers.

Macron talks tough, essentially declaring war on Russia. Here is his momentous speech to Europe.¹⁰ He threatens Putin with nuclear war and chides Trump for his insistence that we level the economic playing field with Europe [IBID]. He pretends that our Tariffs are “unfair” when all they do is level up against the unfair advantage France takes against American exports with their digital services tax and VAT system — value-added tax. It’s a bit complicated, but the bottom line is that France takes advantage of the US in a trade imbalance, and we are tired of it. We don’t need their snails, and they don’t need our nails — so, let’s settle on this divorce and get on with life. He called for Europe to aggressively respond to the US shake up — and here is what he wants them to do: tool up for WAR. Talk nukes against Russia — rattle the sabers, slobber out his drunken rage against — essentially, against peace!

Here is the Danish PM with one of the most asinine comments ever dropped from the mouth of a Euro-war hound: “Peace in Ukraine is more dangerous than the ongoing war.”¹¹ The reason is that if Russia “wins” — which, apparently, means if a settlement occurs in which Russia ends the war holding on to some territory he took during the war — Putin will continue, he will not stop. So because of her opinion about the character of Putin, we must continue the war.

Did she have this concern about Putin when BIDEN was poking the Bear with his talk about flagrantly breaking the treaty agreement with Russia when it was promised Ukraine would surrender her nukes, and promise to never join NATO — and the first act of Biden/Harris was to trot Harris over to Ukraine talking about including Ukraine into NATO — did the Danish PM say a word about how this is bad, because it give Putin an excuse to

attack Ukraine and could trigger events leading us into WWII? Not a word.¹² Yep! She met with Biden on June 5, 2023, and totally supported Biden's actions regarding Ukraine! Virtually all, except Hungary, and a few others, tacitly approve Ukraine entering NATO. This is a very dangerous situation — the US, Germany, and five other nations blocked the entry of Ukraine into NATO earlier, yet all of these nations encouraged Zelenskyy to believe they were in favor of eventually getting this done.¹³

It's a violation of the treaty made with Russia! It's virtually an invitation to Russia to invade Ukraine. Everyone knew that at the time.

Who does not understand the foolishness of taunting Russia with threats to bring Ukraine into NATO? And who does not see the wisdom of establishing relations with Ukraine that entangle her with a superpower like America, which tacitly provides security and allows her to prosper? There is no greater security against Russian incursion into Ukraine than the double protection of a prosperous economy, making Ukrainians invested in their national identity and commercial ties with various Western superpowers — thus entirely removing any pretext for Russia to invade. One problem Ukraine has always had is a cohesive national identity, and nothing has done more to break that down than this stupid talk of Ukraine entering NATO. Ukraine has the protection of NATO in any scenario in which America is led by a true American and no one is out there giving Putin an excuse to invade.

Instead, boneheaded Biden sends Harris on a “Ukraine in NATO” cheering tour — all she lacked were the pom poms.^{14 15}

During the period leading up to the invasion, some things became very clear to me. I don’t think the ambivalence about Ukraine's inclusion into NATO was accidental—it is well known that many in NATO desire it. The ambivalence was a signal to Russia that Europe was preparing to make a move.

Before the Color Revolution of alt-America’s CIA deposing Poroshenko and installing Zelenskyy, talk about Ukrainian entrance into NATO was very muted; after, the chatter was pretty consistently in favor.

I have zero respect for Putin and his justification for invading Ukraine — what I’m saying is, Biden gave him the excuse, and NATO is purposely provoking the Bear or purposely luring the bear into a trap. And the trap is the Globalists' lust for another World War — they want WAR. When we speak, we are for peace, but THEY ARE FOR WAR!

They need the war to cover their tracks of criminal child sex trafficking and money laundering — they need the war to create the environment for a one world government controlled by perverts of the ancient Nimrod, Semiramis tradition.
